

Guide to Grants

From the Office of Congresswoman Terri A. Sewell

Proudly Representing Alabama's 7th Congressional District

August 31, 2012

Welcome to the *Guide to Grants!*

I am honored to represent the 7th Congressional District of Alabama. One of the most important responsibilities as your representative is to provide you with information about funding opportunities. Now more than ever, grant opportunities are vital to the success of our local governments, organizations and other entities. This weekly guide will identify federal and foundation grant opportunities to assist you in goals for our communities. This Guide will include links to grant writing resources to help you make your proposals more successful. This Guide will also describe new funding opportunities for economic development, infrastructure, healthcare and educational projects as example. In addition, I am pleased to provide a Letter of Support for grant application projects in the 7th Congressional District of Alabama. Please let us know when grants are awarded, especially if you found the opportunities in the *Guide to Grants*.

For more information, please visit the website at <http://sewell.house.gov/> and you can subscribe to *Guide to Grants* at: <http://sewell.house.gov/contact-me/newsletter> or call 202-225-2665. Previous editions of the Guide to Grants are archived at <http://sewell.house.gov/guide-grants>.

Congresswoman Terri A. Sewell Issues Statement in Opposition to the Closing of Inpatient Care at Cooper Green Mercy Hospital

BIRMINGHAM, AL –Today, Congresswoman Terri A. Sewell (D-AL) released the following statement in opposition to the closing of Cooper Green Mercy Hospital’s inpatient care services in Birmingham:

“The recent decision to close inpatient services at this facility will undoubtedly have a negative impact on countless citizens in Jefferson County. While I know that we as a county are facing some tough financial times, we must still protect services that are crucial to the citizens of the 7th Congressional District. I share the concerns of other local leaders who have united together in opposition to this decision. Protecting the health and well-being of our community must remain a top priority. We must work together to find meaningful solutions that protect Cooper Green and the vital indigent care services that it offers our community.”

Congresswoman Terri A. Sewell Announces \$4.8 Million in USDA Funding for the City of Uniontown

WASHINGTON DC, - Today, Congresswoman Terri A. Sewell (D-AL) announced that the City of Uniontown was awarded \$4.8 million by the U.S. Department of Agriculture (USDA) Rural Development. Approximately \$2,296,000 of the funding was awarded in the form of a grant and \$2,505,000 was awarded in the form of a loan. This funding will enable the City of Uniontown to repair their existing waste water treatment plant, install new water meters, rehabilitate and install new pumps for city pumping stations.

“I am pleased that USDA will provide this essential funding to the City of Uniontown to help repair their existing waste water treatment plant,” said Rep. Sewell. “Uniontown was in desperate need of funding due to an outdated waste water treatment facility and insufficient water meters. These improvements are critically important to ensuring that families have access to clean and safe water. USDA’s consistent support for infrastructure projects reflects their commitment to ensuring rural communities have the vital services and resources they need to create jobs, strengthen economic development and improve quality of life for families,” added Rep. Sewell.

“The citizens of Uniontown and Perry County are elated to receive this substantial grant for improving the sewer and water systems,” said Perry County Commissioner Albert Turner. “I want to thank Congresswoman Sewell for her diligent work in helping us solve this decade old problem. The success of this grant award shows that effective leadership is achieved through team work from city hall, to the court house, to the state house, to the halls of Congress.”

“We are humble and grateful for receiving this assistance from USDA with the support of Congresswoman Terri Sewell,” said Uniontown Mayor Jamaal Hunter. “The improvements to our waste water treatment plant will greatly improve the quality of life of our citizens in Uniontown. Further, these improvements will serve as an incentive to industries that are interested in locating in Uniontown and our surrounding areas. This issue has long plagued our community and our resources and infrastructure has suffered as a consequence. Again, we are sincerely grateful to God and all of those who have assisted us.”

“We spent a lot of time working on this issue so the City of Uniontown could financially support this solution,” said State Director of USDA Rural Development Ronnie Davis. “I was proud that

we could develop a sustainable solution and help resolve the issues with their sewer and water system. USDA Rural Development is committed to helping communities across the state of Alabama and to ensuring our communities have quality water systems.
