CONGRESSWOMAN SEWELL VOTES TO FUND THE GOVERNMENT AND PROVIDE ECONOMIC CERTAINTY FOR THE AMERICAN PEOPLE

Washington, DC – Tonight, Congresswoman Terri A. Sewell (D-AL7) voted in favor of H.R. 83, the FY2015 Funding Bill and issued the following statement:

“After much consideration, I voted in favor of the 2015 funding bill notwithstanding my serious objections to several provisions in the bill. Ultimately, my vote for this bill was a vote to keep the federal government operating. While flawed, this bipartisan bill avoids another government shutdown at the hands of political brinkmanship and reflects a compromise between Democrats and Republicans. The bill provides increased funding for the Department of Veterans Affairs, support for needed infrastructure projects, expands funding for childcare and special education grants, and ensures emergency funding to combat Ebola. Alabamians deserve the certainty that comes with federal funding of the programs and services they depend upon.”

STATEMENT FROM CONGRESSWOMAN SEWELL IN SUPPORT OF PRESIDENT OBAMA'S EXECUTIVE ACTION ON IMMIGRATION

Washington, DC – Tonight, Congresswoman Terri A. Sewell (AL-07) released the following statement following President Obama's address to the nation where he outlined the Immigration Accountability Executive Actions he will be taking, within his executive authority, to improve our nation's broken immigration system.

“Tonight, President Barack Obama laid out the actions his administration will take to fix our nation's deeply broken immigration system while urging Congress to do its job by acting through legislation. The President's Immigration Accountability Executive Actions will secure our borders, prioritize deporting felons not families and require certain undocumented immigrants to pass criminal background check and pay taxes.

For the past half century, every President—Democratic or Republican—has used his legal authority to act on immigration. President Obama is now taking an important commonsense step forward to fix our broken immigration system. These executive actions ensure accountability and that everyone plays by the same rules. While legislative action is always preferable, House Republicans have ignored this dire problem for too long while our families, communities, and local and national economies have paid a steep price for this reckless inaction.

While the nation waits for Republicans to pass comprehensive immigration reform, President Obama is doing the right thing by acting within the constitutional confines of his authority to make practical steps to prioritize enforcement and provide a way forward for hard-working immigrant families.

FY15 Environmental Workforce Development and Job Training Grant Guidelines

OVERVIEW

AGENCY: ENVIRONMENTAL PROTECTION AGENCY (EPA)

TITLE: ENVIRONMENTAL WORKFORCE DEVELOPMENT AND JOB TRAINING (EWDJT) GRANTS

ACTION: Request for Proposals (RFP)

RFP NO: EPA-OSWER-OBLR-15-01

CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NO.: 66.815

DATES: Proposals are due by February 3, 2015. Proposals must be submitted through www.grants.gov by 11:59 p.m. Eastern Time on February 3, 2015. Please refer to Section IV.B., *Due Date and Submission Instructions*, for further instructions.

SUMMARY: This notice announces the availability of funds and solicits proposals from eligible entities, including nonprofit organizations, to deliver environmental workforce development and job training programs that recruit, train, and place local, unemployed and under-employed residents with the skills needed to secure full-time employment in the environmental field, with a focus on solid and hazardous waste remediation, environmental health and safety, and wastewater-related training. In Fiscal Year 2015 (FY15), EPA anticipates providing some funding preference to applicants who choose to deliver other types of environmental training, beyond brownfields hazardous waste, as referenced in Section I.B and as referenced in Section V.C.

While Environmental Workforce Development and Job Training grants require that Hazardous Waste Operations and Emergency Response (HAZWOPER) training be provided to all individuals being trained, as outlined in Section III.C., *Threshold Eligibility Criteria*, applicants may design their own curricula and choose what types of supplemental environmental training they want to deliver as referenced in Section I.C., *Additional Eligible Uses of Grant Funds*. Additionally, under this competition, applicants also may choose to deliver training in various other environmental media as referenced in Section I.B. EPA encourages applicants to develop their curricula based on local labor market assessments and employers hiring needs, while also delivering comprehensive training that results in graduates securing multiple certifications.

For the purposes of these guidelines, the term “grant” refers to the cooperative agreement that EPA will award to a successful applicant. Please refer to Section II.C. for a description of EPA’s anticipated substantial involvement in the financial assistance agreements awarded under these guidelines.

FUNDING/AWARDS: The total funding available under this competitive opportunity is approximately \$3,400,000, subject to availability of funds, quality of proposals received, and other applicable considerations for FY 2015. EPA anticipates awarding approximately 17 environmental workforce development and job training cooperative agreements at amounts up to \$200,000 each.

ATTENTION VETERANS:

FACT SHEET: Veterans Employment Center

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants
- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden's Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.

The Veterans Employment Center can be found at: <https://www.ebenefits.va.gov/ebenefits/jobs>
