

Guide to Grants

From the Office of Congresswoman Terri A. Sewell

Proudly Representing Alabama's 7th Congressional District

August 4, 2014

Welcome to the *Guide to Grants!*

I am honored to represent the 7th Congressional District of Alabama. One of the most important responsibilities as your representative is to provide you with information about funding opportunities. Now more than ever, grant opportunities are vital to the success of our local governments, organizations and other entities. This weekly guide will identify federal and foundation grant opportunities to assist you in goals for our communities. This Guide will include links to grant writing resources to help you make your proposals more successful. This Guide will also describe new funding opportunities for economic development, infrastructure, healthcare and educational projects as example. In addition, I am pleased to provide a Letter of Support for grant application projects in the 7th Congressional District of Alabama. Please let us know when grants are awarded, especially if you found the opportunities in the *Guide to Grants*.

For more information, please visit the website at <http://sewell.house.gov/> and you can subscribe to *Guide to Grants* at: <https://sewell.house.gov/subscribe-to-weekly-guide-to-grants> or call 202-225-2665. Congresswoman Sewell Votes against Republican Attempt to End DACA and a Woefully Underfunded and Inadequate Bill to Address Emergency Border Crisis

Washington, DC – Tonight, Congresswoman Terri A. Sewell (AL-07) voted against H.R. 5230, the Republican Appropriations Bill to Address the Southwest Border Crisis and H.R. 5232, which eliminates the Deferred Action for Childhood Arrivals (DACA). Congresswoman Sewell released the following statement following her vote:

“Tonight, I voted against H.R. 5230 and Republican attempts to end the Deferred Action for Childhood Arrivals (DACA) program and undermine protections afforded to immigrant children fleeing persecution and violence,” said Rep. Sewell. “These attempts fail to adequately address the emergency border crisis that our nation is facing and undermine protections afforded to immigrant children. Unfortunately, House Republicans have squandered this opportunity and put forth a bill that is woefully underfunded, rolls back critical protections that Congress previously extended and does not provide a real solution to fixing our broken immigration system. The humanitarian crisis at the border underscores the **urgent** need for comprehensive immigration reform.”

“In lieu of compromise legislation, this bill is a piecemeal attempt that does not sensibly and adequately address this crisis. This bill ignores Congress’ intent and subjects these vulnerable children to return to life threatening situations including trafficking, persecution, violence, and abuse. Further, it subjects all children to the dangerous and cursory screenings that currently apply only to unaccompanied children from contiguous countries and denies the fundamental right to a due process hearing. We must prioritize the protection of these children and ensure that our laws are followed by providing each child with a deportation hearing. We have a moral responsibility to protect and treat unaccompanied children with care and compassion as they await due process.” Rep. Sewell concluded, “I renew my call for a comprehensive bipartisan immigration bill that adequately funds and addresses this humanitarian challenge.”

Statement from Congresswoman Sewell on Conversion of Alabama Power Facility in Greene County

Washington, DC – Today, Congresswoman Terri A. Sewell (AL-07) released the following statement following an announcement by Alabama Power to convert to natural gas at its steam plant in Greene County:

"While I respect the recent business decision made by Alabama Power to convert to natural gas at its facility in Greene County, I am disappointed that such a decision will negatively impact the employment opportunities in a county that can least absorb its effect. I strongly believe in government's role in environmental policy; however I also believe that we must have a balanced approach to federal regulation such that the costs are weighed with the effects on job growth and economic impact. Although we must prepare to diversify our energy production, I am committed to supporting coal as a viable source of energy in Alabama until alternatives become more economically feasible."

NEW-CATCH Planning and Implementation Grants

Description:

[Community Access to Child Health](#), a program of the [American Academy of Pediatrics](#), provides support to pediatricians interested in collaborating within their communities so that all children have access to the health services they need.

To that end, CATCH is accepting applications for two community health grant programs, including the CATCH Planning and Implementation Grants program and CATCH Resident Grants program.

1) Planning and Implementation grants of up to \$10,000 will be awarded to individual pediatricians and fellowship trainees to plan community-based child health initiatives that ensure all children have medical homes and access to healthcare services not otherwise available in their community. Priority is given to projects that serve communities with the greatest health disparities. Outreach must be to the community at large, not to practice or clinic patients only. All initiatives should incorporate screening for or connecting children to medical homes and available insurance programs. All pediatricians are eligible to apply regardless of employment setting or retirement status.

2) Resident grants of up to \$2,000 will be awarded for pediatric residents to plan and/or implement community-based child health initiatives. Projects must include planning activities or demonstrate completed planning activities and may include implementation activities. Eligible applicants must have postgraduate status as of **July 31, 2014**.

ATTENTION VETERANS:

FACT SHEET: Veterans Employment Center

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants
- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden’s Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.

The Veterans Employment Center can be found at: <https://www.ebenefits.va.gov/ebenefits/jobs>
