

Guide to Grants

From the Office of Congresswoman Terri A. Sewell
Proudly Representing Alabama's 7th Congressional District

October 5, 2016

Welcome to the *Guide to Grants!*

I am honored to represent the 7th Congressional District of Alabama. One of the most important responsibilities as your representative is to provide you with information about funding opportunities. Now more than ever, grant opportunities are vital to the success of our local governments, organizations and other entities. This weekly guide will identify federal and foundation grant opportunities to assist you in goals for our communities. This Guide will include links to grant writing resources to help you make your proposals more successful. This Guide will also describe new funding opportunities for economic development, infrastructure, healthcare and educational projects as example. In addition, I am pleased to provide a Letter of Support for grant application projects in the 7th Congressional District of Alabama. Please let us know when grants are awarded, especially if you found the opportunities in the *Guide to Grants*.

For more information, please visit the website at <http://sewell.house.gov/> and you can subscribe to *Guide to Grants* at: [Subscribe to Weekly Guide to Grants | Congresswoman Terri Sewell](#) or call 202-225-2665. After your application is submitted, a selection committee comprised of community leaders will review your completed profile, conduct candidate interviews, and make nominee recommendations. Interviews will be held on Saturday, November 12, 2016. Our office will keep you informed as the selection process moves forward.

It is important to keep in mind that this process is highly competitive. Please include all awards and honors earned through the first semester of your senior year in your completed profile. If you choose to retake the SAT or ACT tests and your scores improve, it is your responsibility to report your new scores to my office.

I wish you success with your application and if you have questions at any point in the process, please do not hesitate to contact my office.

Military Academy Nominations

Thank you for your interest in the U.S. Service Academies. As your 7th Congressional District Representative in the U.S. House of Representatives, each year I have the privilege of nominating a limited number of people to four of the five service academies. The honor of attending a service academy comes with an obligation and commitment to serve in the military for a minimum of five years upon graduation. Best wishes to you as you pursue your goal of attending one of the U.S. Service Academies and serving our country.

United States Military Academy Nominations

One of my most satisfying duties is to nominate young people from Alabama's 7th Congressional District to service academies. As a member of Congress, I can make what is referred to as "congressional nominations."

The Nomination Process

To be considered for an appointment to a service academy, an applicant must meet the eligibility requirements established by law and be nominated from an authorized person including a Member of the United States Senate or the House of Representatives. I may nominate applicants who are legally domiciled within the boundaries of Alabama's 7th Congressional District.

Who Is Eligible?

An applicant for a nomination must meet the following eligibility requirements as of July 1 of the year of admission to a service academy. He or she must be at least 17 years old, but not have passed the 23rd birthday, must be a United States citizen, and must be unmarried, not pregnant, and have no legal obligation to support children or other dependents.

Service Academies

There are five Service Academies: The United States Air Force (USAFA), Naval (USNA), Military (USMA), Merchant Marine (USMMA), and Coast Guard (USCGA) Academies. Nominations are required for all but the U.S. Coast Guard Academy, to which appointments are made on the basis of an annual nationwide competition. Please note that you must start an application process with the academy you are applying to as well as the nomination process through my office.

USDA Seeks Applications for Health Care Grants in the Delta Region

WASHINGTON, Sept. 13, 2016 – Agriculture Secretary Tom Vilsack today announced that the U.S. Department of Agriculture (USDA) is seeking applications for grants to improve health care in the Delta Region. Nearly \$4.4 million in grant funding is available through the Delta Health Care Services Grant Program.

"The Delta Health Care Services Grant Program and other programs like it are helping rural America to rebound," said Vilsack. "USDA's targeted grant programs and development projects can help Delta towns access high-quality medical and health care services, improving the quality of life for residents and enriching the area's ability to support strong communities for generations to come."

Groups eligible for grants include higher education institutions, health and research institutes, economic development entities, health care cooperatives or consortia of these entities. Recipients must serve residents of the Delta Region, which includes 252 counties and parishes in Alabama, Arkansas, Illinois, Kentucky, Louisiana, Mississippi, Missouri and Tennessee.

USDA is encouraging applications for projects in census tracts with poverty rates greater than or equal to 20 percent. Grants are awarded on a competitive basis. The maximum award per grant is \$1 million. USDA has provided more than \$17 million for 31 projects funded through the Delta Health Care Services Grant Program since the start of the Obama Administration.

Paper applications are due Nov. 14. Electronic copies are due Nov. 7. For more information, see page 62854 of the Sept. 13, 2016, [Federal Register](#). Please contact your local Rural Development [State Office](#) to request the application guide and materials.

Sam Ridders, administrator for [USDA's Rural Business-Cooperative Service](#), underscored the importance of the Delta Health Care Services Grant Program during a Sept. 8 visit to Southeastern Louisiana University in Hammond. While there, Ridders awarded the school a \$646,482 grant to enhance a health care training project the University launched in 2013, also with USDA funding through the Delta Health program.

The University is expanding a program in which volunteers are trained as health coaches and motivational aides as part of a care coordination strategy. The program is designed to reduce hospital readmissions, improve patient health and enhance the quality of the medical workforce. The University also will expand its health coach internship program to include students from more health care disciplines.

Today's funding builds on USDA's historic investments in rural America over the past seven years. Since 2009, USDA has worked to strengthen and support rural communities and American agriculture, an industry that supports one in 11 American jobs, provides American consumers with more than 80 percent of the food we consume, ensures that Americans spend less of their paychecks at the grocery store than most people in other countries, and supports markets for homegrown renewable energy and materials.

Since 2009, USDA [Rural Development \(@USDARD\)](#) has invested \$13.5 billion for 5,739 water and waste infrastructure projects, benefiting 19.1 million rural residents; invested nearly \$13 billion to start or expand nearly 112,000 rural businesses; helped 1.1 million rural residents buy homes; funded nearly 9,200 community facilities such as schools, public safety and health care facilities; and helped bring high-speed Internet access to nearly 6 million rural residents and businesses. USDA also has invested \$31.3 billion in 963 electric projects that have financed more than 185,000 miles of transmission and distribution lines serving 4.6 million rural residents. TruFund, Regions Bank and Foundation Work Together to Provide Loans to Underserved Small Businesses

BIRMINGHAM, Ala. – (September 14, 2016) – Regions Bank, together with Foundation Group LLC, a digitally-enabled small business lender, and TruFund, a Community Development Financial Institution (CDFI), today jointly announced a first-of-its-kind agreement to provide small dollar loans to underserved small businesses. Through this unique and collaborative agreement among a regional bank, a digitally-enabled lender and a CDFI, underserved small businesses that may not be eligible for traditional bank loans will have the opportunity to apply for small dollar loans for working capital and expansion activities. This agreement allows more small businesses to benefit from TruFund’s hands-on approach to helping small businesses. Using the online lending expertise of Foundation, small business clients will have increased availability and access to funding, in as fast as 48 hours from application. Regions has also pledged to provide capital, assisting both TruFund and small business customers.

“Regions has worked with both TruFund and Foundation in the past, and bringing these two organizations together is a natural fit. It expands both of their abilities to meet client needs and provides more access to credit for small businesses,” said Joe DiNicolantonio, Executive Vice President, Commercial Banking at Regions Bank. “Sam Graziano, CEO of Foundation Group LLC, said, “This program is exactly what Foundation is built for, combining our technology and small business lending expertise with the capabilities of our partners to expand access to capital for small businesses.”

In 2015, Regions and Foundation announced an agreement that expanded both companies’ abilities to provide credit to small business borrowers.

“This unique partnership will provide small business owners with an affordable source of microloan capital,” said James H. Bason, President of TruFund Financial services. “The way small businesses borrow money is being transformed, with faster and easier ways to access credit, and TruFund is proud to have worked with Regions Bank and Foundation to find an innovative solution that supports economic growth and increases access to credit in the small business community.”

About Regions Financial Corporation

Regions Financial Corporation (NYSE:RF), with \$126 billion in assets, is a member of the S&P 500 Index and is one of the nation’s largest full-service providers of consumer and commercial banking, wealth management, mortgage, and insurance products and services. Regions serves customers across the South, Midwest and Texas, and through its subsidiary, Regions Bank, operates approximately 1,600 banking offices and 2,000 ATMs. Additional information about Regions and its full line of products and services can be found at www.regions.com.

About Foundation

Foundation Group LLC is a digitally-enabled lender and credit solutions provider. The Company develops integrated small business lending solutions with banks and partners with a wide array of other organizations that serve the small business market in various capacities to deliver credit products to the business community nationwide. For more information, please visit www.foundation.com.

About TruFund Financial Services

TruFund Financial Services, Inc. is a wholly independent national non-profit Community Development Financial Institution (CDFI). APPLE HBCU SCHOLARS PROGRAM

Overview

The Thurgood Marshall College Fund (TMCf) in partnership with Apple is proud to present the Apple HBCU Scholars Program to outstanding students with a minimum 3.25 GPA who will be graduating between December 2017 and May 2018. Selected Scholars will participate in a 12-week internship during the summer before their senior year, and will receive up to \$25,000 in scholarship funding based on individual financial needs that will be applied to their final year of study. Each scholar will have an Apple mentor throughout their experience, receive an opportunity to develop key skills, enhance their resumes and help launch their careers through the hands-on experience gained at one of the top tech companies in the world. These scholars will have the opportunity to:

- Participate in an Apple HBCU Immersion experience in Cupertino, California in early 2017
- Participate in a 12-week internship with Apple in Cupertino, California during the summer of 2017
- Be awarded a need-based scholarship to help defray the costs (*e.g.*, tuition, mandatory fees, room and board, books and supplies) of their senior year of study
- Participate in various development activities to help prepare for post-graduation careers
- Receive on-going coaching and guidance from an experienced Apple employee
- Serve as Ambassadors on their HBCU or PBI (Predominately Black Institution) campuses to build awareness for the Apple and TMCf HBCU Initiative

Program Criteria

- Enrolled full-time at a four-year accredited HBCU or PBI (Predominately Black Institution)
- Currently in the second-to-last year of study, graduating in Fall 2017 or Spring of 2018. (*e.g.*, juniors or seniors pursuing a fifth year of study.)
- Prior internship experience is preferred

Key Qualifications

This highly competitive program targets STEM students, but opportunities exist for students of all disciplines. The selection process aims to assess critical soft skills that enable success in our program, coupled with technical ability. We're looking for individuals that exhibit both a technical and cultural fit:

Technical Fit

- Analytical ability
- Ability to articulate ideas
- Ability to learn new concepts
- Excellent communication skills, both verbal and written

Cultural Fit

- Highly motivated
- Persuasive and candid
- Focused on results
- Perseverance
- Team player
- Possesses sound judgment and critical thinking skills

Scholar Expectations (including, but not limited to the following)

- Must be able to participate in all program-related activities
- Willing and able to spend 12 weeks in Cupertino, California during the summer months of May through August
- Must remain in good academic standing
- Must not have any disciplinary infractions on academic record
- Able to successfully complete all program requirements
- Utilize Apple technology (*e.g.*, MacBook, iPhone, etc.)
- Serve as post-internship Apple Ambassador during their final year
- Students selected to participate in the program must provide TMCf with supporting documentation requested during the financial need verification process

How to Apply

To apply, click the button below and create a TMCf Account. Once you sign up and create a TMCf Account, you can complete the Apple HBCU Scholars application. The deadline is October 16, 2016, 11:59 EST.

HUD Launches Small Contractors Initiative Curriculum

The Department of Housing and Urban Development's Office of the DAS for Economic Development in partnership with the Office of Fair Housing and Equal Opportunity, and Office of Field Policy and Management, along with BusinessUSA and the Small Business Administration announce the launch of a new curriculum. The [*Small Contractors Initiative curriculum*](#) focuses on materials that will assist small contractors achieve bondable status such that they can more readily pursue federal contracting opportunities as independent firms.

The goal is to provide the information in a pre-packaged format to small business development centers and any other organization that provides technical assistance and training to small businesses. It provides the opportunity to engage with a cohort of small contractors using both face-to-face instruction as well as distance learning. The consolidation of materials to teach these topics provides local small business development organizations the opportunity to tap into a wealth of information, while using their ever-shrinking resources for this type of training in a more targeted way. In other words, organizations can focus on providing one-on-one consultations with small businesses rather than spending the time to develop the materials for use in these types of trainings.

This [curriculum](#) gives small contractors the tools they need to get a bond and set them on a path to grow their businesses.

Rep. Sewell Votes for Short-Term Funding Bill to Avert Government Shutdown

We must put partisan politics aside and prioritize the American people.

Washington, D.C. – Today, Congresswoman Terri Sewell, a Member of the Financial Services Committee and the House Permanent Select Committee on Intelligence, issued the following statement after voting yes to the Fiscal Year 2017 Continuing Resolution, H.R. 5325, to fund the government through December 9, 2016:

“Today I voted in favor of this short term funding bill to ensure that our government continues to provide critical services and resources to Americans across the country. While I had hoped for a long term funding solution, this bill provides vital funding for our military infrastructure, housing, and services for men and women in our Armed Forces and their families.

“Additionally, this legislation finally answers the call to address the Zika virus health crisis that has impacted far too many Americans. The funding in the bill will enhance the Administration's efforts to reduce the risk of the virus, particularly in pregnant women, by better controlling the mosquitoes that spread the Zika virus, developing new prevention tools, including vaccines and better diagnostics to protect Americans from the virus, and conducting crucial research projects needed to better understand the virus's impact on infants and children.

“I look forward to continuing to work together in a bipartisan manner to develop a long term funding solution that makes critical investments in our infrastructure, creates jobs, and preserves our national security.”

Rep. Sewell Statement Voting Against Water Resources Development Act

Washington, D.C. – Today, Congresswoman Terri Sewell, a Member of the Financial Services Committee and the House Permanent Select Committee on Intelligence, issued the following statement after voting against H.R. 5303 – the Water Resources Development Act of 2016.

“Today’s vote was vote for the State of Alabama. This bill included troubling language which would undermine Alabama’s ability to negotiate with neighboring states to resolve ongoing water-use conflicts. Alabama’s citizens rely on water that flows from the Apalachicola-Chattahoochee-Flint River System and the Alabama-Coosa-Tallapoosa River System for economic development, agricultural use, and public consumption. If water flow is decreased or disrupted by upstream sources, then Alabama communities will suffer significantly.

“While, I was extremely pleased to see that Republicans have finally responded to Democrat’s demand to address the Flint water crisis, the bill falls short in providing immediate and critical financial relief. As the greatest nation in the world, every American should have access to safe and clean drinking water. What has happened in Flint should profoundly disturbing to every American. When thousands of children are being poisoned by lead contamination, it is the obligation of Congress to act. I look forward to voting for a final bill that actually provides funds to address the crisis in Flint.”

Rep. Sewell Statement on Alabama Lawsuit Challenging Statewide Method for Judge Elections

Washington, D.C. – Today, Congresswoman Sewell released the following statement in response to a lawsuit filed on behalf of Alabama Chapter of the NAACP and four black Alabama voters by the Lawyers’ Committee for Civil Rights Under Law challenging the at-large method of electing judges to the three highest courts in the State of Alabama:

“This lawsuit marks another example of discriminatory voting practices in the state of Alabama. The state’s long history of voter suppression, and egregious discrimination against people of color, demands diversity at all levels of Alabama’s judicial system. As a result of Alabama’s at-large method of election used for the Alabama Supreme Court, the Court of Criminal Appeals and Court of Civil Appeals, African American voters have been denied the opportunity to elect a candidate of their choice to these courts for more than 20 years. An all-white court is not representative of the diversity of the people of Alabama.

“Our struggle to reduce barriers to voting requires that we continue to fight against discriminatory election practices that silence the voices of African Americans, and other voters of color. Alabama is one of only a handful of states that continues the old practice of electing appellate judges by statewide elections. This practice has run its course and single member districts are needed now to ensure that African Americans and other minority voters have equal access to the voting process.

“As Co-Chair of the Congressional Voting Rights Caucus, I will continue to fight for legislation that restores the Voting Rights Act of 1965; such as the bill I introduced—*H.R. 2867 – The Voting Rights Advancement Act of 2015*. Our right to vote is the cornerstone of our democracy and it must be protected at all costs.”

Section II PROGRAM FUNDING THROUGH FEDERAL AGENCIES

Corporation for National and Community Service

Program:

2017 AmeriCorps State and National Grants

Description:

AmeriCorps grants are awarded to eligible organizations proposing to engage AmeriCorps members in evidence-based or evidence-informed interventions to strengthen communities. An AmeriCorps member is an individual who engages in community service through an approved national service position. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service, members earn a Segal AmeriCorps Education Award from the National Service Trust that members can use to pay for higher education expenses or apply to qualified student loans. Grant awards generally have two components: operating funds and AmeriCorps member positions. Grant award amounts vary – both in the level of operating funds and in the type and amount of AmeriCorps member positions. Unless otherwise specified, the grant generally covers a three-year project period. In approving a multi-year project period, CNCS generally makes an initial award for the first year of operation. In most cases, the application is submitted with a one-year budget. Continuation funding is not guaranteed. Deadline is January 18, 2017.

Environmental Protection Agency

Program: **Fiscal Year 2017 National Environmental Information Exchange Network Grant Program**

Description: The Exchange Network Grant Program provides funding to states, territories and federally recognized Indian tribes to support the development of the Environmental Information Exchange Network (EIEN). The primary outcome expected from Exchange Network assistance agreements is improved access to, and exchange of, high-quality environmental data from public and private sector sources. Applications should demonstrate support for and results toward EIEN program priorities. Deadline is November 18, 2016.

Institute of Museum and Library Services

Program: **Museum Assessment Program**

Description: The Museum Assessment Program (MAP) is supported through a cooperative agreement between the Institute of Museum and Library Services and the American Alliance of Museums. It is designed to help museums assess their strengths and weaknesses, and plan for the future.

A MAP assessment requires members of the museum staff and governing authority to complete a self-study. After completion of the self-study, a site visit is conducted by one or more museum professionals, who tour the museum and meet with staff, governing officials, and volunteers. The reviewers work with the museum and MAP staff to produce a report evaluating the museum's operations, making recommendations, and suggesting resources.

There are three types of MAP assessments:

Organizational Assessment: Reviews all areas of operations.

Collections Stewardship Assessment: Focuses on collections policies, planning access, documentation, and collections care within the context of the museum's total operations.

Community Engagement Assessment: Assesses the museum's understanding of and relationship with its communities as well as its communities' perceptions of and experiences with the museum. Two Application Deadlines is July 1 and December 1.

National Endowment for the Arts

Program: **NEA Poetry Out Loud: 2018 National Finals Competition**

Description: The purpose of this Program Solicitation is to select an organization (Cooperator) to produce and coordinate the three-day 2018 POL National Finals competition of state and jurisdictional champions of the POL program, in conjunction with the National Endowment for the Arts and its partners. That National Finals will take place April 23-25, 2018 in Washington, DC. The National Finals competition venue and hotel have already been reserved to ensure the availability of space. Deadline is January 5, 2017.

Program: [**NEA Literature Fellowships: Translation Projects, FY 2018**](#)

Description: Through fellowships to published translators, the National Endowment for the Arts supports projects for the translation of specific works of prose, poetry, or drama from other languages into English. We encourage translations of writers and of work that are not well represented in English translation. All proposed projects must be for creative translations of literary material into English. The work to be translated should be of interest for its literary excellence and value. Priority will be given to projects that involve work that has not previously been translated into English. Competition for fellowships is rigorous. Deadline is December 6, 2016.

Website: <https://www.arts.gov/grants-individuals/translation-projects>

Program: [**NEA Research: Art Works Application, FY 2017**](#)

Description: The National Endowment for the Arts' Office of Research & Analysis makes awards to support research that investigates the value and/or impact of the arts, either as individual components of the U.S. arts ecology or as they interact with each other and/or with other domains of American life. By providing financial support to deserving projects, this program will spur growth in the number of people —across diverse fields of inquiry— who are experienced in and knowledgeable about arts-related research. This program also seeks to heighten the relevance and significance of arts-related research to policy and practice. The deadline is October 11, 2016

National Endowment for the Humanities

Program: [**Digital Humanities Advancement Grants**](#)

Description: This program combines the former Digital Humanities Start-Up Grants and Digital Humanities Implementation Grants programs; the combined program is offered twice per year. Proposals are welcome for digital initiatives in any area of the humanities. Deadline is 01/11/2017.

Website: <http://www.neh.gov/grants/odh/digital-humanities-advancement-grants>

Program: [**Dialogues on the Experience of War**](#)

Description: Dialogues on the Experience of War grants support reading and discussion groups for U.S. military veterans. The funding includes support for the recruitment and training of discussion leaders and the convening of discussion programs with the intent to promote important questions regarding duty, heroism, sufferings, loyalty and patriotism. Eligible applicants are U.S. nonprofit organizations, state and local government agencies, colleges and universities, libraries, museums, cultural sites, and federally recognized tribal governments. Deadline is November 2, 2016.

Website: <http://www.neh.gov/grants/education/dialogues-the-experience-war>

Program: [**Sustaining Cultural Heritage Collections**](#)

Description: Sustaining Cultural Heritage Collections (SCHC) helps cultural institutions meet the complex challenge of preserving large and diverse holdings of humanities materials for future generations by supporting sustainable conservation measures that mitigate deterioration and prolong the useful life of collections. As museums, libraries, archives, and other collecting institutions strive to be effective stewards of humanities collections, they must find ways to implement preventive conservation measures that

are sustainable. This program therefore helps cultural repositories plan and implement preservation strategies that pragmatically balance effectiveness, cost, and environmental impact. Deadline is December 1, 2016.

Website: <http://www.neh.gov/grants/preservation/sustaining-cultural-heritage-collections>

Program: **Scholarly Editions and Translations Grants**

Description: Scholarly Editions and Translations grants support the preparation of editions and translations of pre-existing texts of value to the humanities that are currently inaccessible or available in inadequate editions. Typically, the texts and documents are significant literary, philosophical, and historical materials; but other types of work, such as musical notation, are also eligible. Projects must be undertaken by at least one editor or translator and one other collaborating scholar. These grants support full-time or part-time activities for periods of one to three years. Deadline is December 7, 2016.

Website: <http://www.neh.gov/grants/research/scholarly-editions-and-translations-grants>

Program: **Collaborative Research Grants**

Description: Collaborative Research Grants support interpretive humanities research undertaken by two or more collaborating scholars, for full-time or part-time activities for periods of one to three years. Support is available for various combinations of scholars, consultants, and research assistants; project-related travel; field work; applications of information technology; and technical support and services. All grantees are expected to disseminate the results of their work to the appropriate scholarly and public audiences.

Eligible projects include

- research that significantly adds to knowledge and understanding of the humanities;
- conferences on topics of major importance in the humanities that will benefit scholarly research; and
- archaeological projects that include the interpretation and dissemination of results.

Deadline is December 7, 2016.

Program: **Public Scholar Programs**

Description: The Public Scholar Program supports well-researched books in the humanities intended to reach a broad readership. Although humanities scholarship can be specialized, the humanities also strive to engage broad audiences in exploring subjects of general interest. They seek to deepen our understanding of the human condition as well as current conditions and contemporary problems. The Public Scholar Program aims to encourage scholarship that will be of broad interest and have lasting impact. Such scholarship might present a narrative history, tell the stories of important individuals, analyze significant texts, provide a synthesis of ideas, revive interest in a neglected subject, or examine the latest thinking on a topic. Books supported by this program must be grounded in humanities research and scholarship. They must address significant humanities themes likely to be of broad interest and must be written in a readily accessible style. Making use of primary and/or secondary sources, they should open up important and appealing subjects for a wide audience. The challenge is to make sense of a significant topic in a way that will appeal to general readers. Deadline is February 1, 2016.

National Science Foundation

Program: [**Smart and Connected Health**](#)
Description: The purpose of this program is to develop next generation health care solutions and encourage existing and new research communities to focus on breakthrough ideas in a variety of areas of value to health, such as sensor technology, networking, information and machine learning technology, decision support systems, modeling of behavioral and cognitive processes, as well as system and process modeling. Deadline is December 8, 2016.

Program: [**Centers for Chemical Innovation**](#)
Description: The Centers for Chemical Innovation (CCI) Program supports research centers focused on major, long-term fundamental chemical research challenges. CCIs that address these challenges will produce transformative research, lead to innovation, and attract broad scientific and public interest. CCIs are agile structures that can respond rapidly to emerging opportunities and make full use of data infrastructure and other approaches to enhance collaborations. CCIs may partner with researchers from industry, government laboratories and international organizations. CCIs integrate research, innovation, education, broadening participation, and informal science communication. Deadline is October 11, 2016.

Program: [**Next Generation Networks For Neuroscience**](#)
Description: The goal of this solicitation is to foster the development and dissemination of (1)innovative research resources, instrumentation, and neurotechnologies, and (2) theoretical frameworks for understanding brain function across organizational levels, scales of analysis, and/or a wider range of species, including humans. This program solicits proposals that will develop and disseminate innovative neurotechnologies and/or theoretical frameworks that will transform our understanding of the linkages between neural activity and cognition and behavior across different systems, environments, and species, while also providing an avenue for widespread dissemination of these technologies and theoretical frameworks as well as broad training opportunities. Deadline is October 21, 2016.

Program: [**Cybermanufacturing Systems**](#)
Description: There is an opportunity for researchers to pursue research and educational efforts to accelerate the creation of an interoperating, cross-process manufacturing service layer that enables the rapid, bottom-up transformation of access to manufacturing services. Such a service layer can allow creative entrepreneurs and companies to both furnish and access manufacturing apps that span the full spectrum from ideation to physical realization, giving rise to an era of cybermanufacturing. The cybermanufacturing

service layer differs from existing Internet services in that it needs an architecture that can incrementally incorporate and organize the rich and deep semantic elements of manufacturing knowledge, requiring an almost unlimited capacity to expand the range and depth of content contributed in the form of partitioned, but interoperating, manufacturing applications. Deadline is OPEN.

Program: [Historically Black Colleges and Universities - Undergraduate Program](#)

Description: To meet the nation's accelerating demands for STEM talent, more rapid gains in achievement and successful degree completion in STEM for underrepresented minority populations are needed. The Historically Black Colleges and Universities Undergraduate Program (HBCU-UP) is committed to enhancing the quality of undergraduate STEM education and research at HBCUs as a means to broaden participation in the nation's STEM workforce. To this end, HBCU-UP provides awards to develop, implement, and study evidence-based innovative models and approaches for improving the preparation and success of HBCU undergraduate students so that they may pursue STEM graduate programs and/or careers.

Program: [Expeditions in Computing](#)

Description: The far-reaching impact and rate of innovation in the computing and information disciplines has been remarkable, generating economic prosperity and enhancing the quality of life for people throughout the world. The Directorate for Computer and Information Science and Engineering (CISE) has created the Expeditions in Computing (Expeditions) program to provide the CISE research and education community with the opportunity to pursue ambitious, fundamental research agendas that promise to define the future of computing and information. In planning Expeditions projects, investigators are encouraged to come together within or across departments or institutions to combine their creative talents in the identification of compelling, transformative research agendas that promise disruptive innovations in computing and information for many years to come. Funded at levels up to \$2,000,000 per year for five years, Expeditions represent some of the largest single investments currently made by the directorate. Together with the Science and Technology Centers CISE supports, Expeditions form the centerpiece of the directorate's center-scale award portfolio. With awards funded at levels that promote the formation of research teams, CISE recognizes that concurrent research advances in multiple fields or sub-fields are often necessary to stimulate deep and enduring outcomes. The awards made in this program will complement research areas supported by other CISE programs, which target particular computing or information disciplines or fields. Deadline is January 18, 2017.

Program: [Ideas Lab: Measuring "Big G" Challenge](#)

Description: This solicitation describes an Ideas Lab on "Measuring Big G" Ideas Labs are intensive meetings focused on finding innovative solutions to grand challenge problems. The ultimate aim of this Ideas Lab organized by the Physics Division of the Mathematical and Physical Sciences Directorate at the National Science Foundation (NSF), in collaboration with experts in the field, is to facilitate the development of new experiments designed to measure Newton's gravitational constant G with relative uncertainties approaching or surpassing one part in 100,000. The aspiration is that mixing researchers from diverse scientific backgrounds will engender fresh thinking and innovative approaches that will provide a fertile ground for new ideas on how to measure G that can be used to validate and extend current calculations. US researchers may submit preliminary proposals for participation in the Ideas Lab only via FastLane. The goal is to develop multidisciplinary ideas that eventually will be submitted as full proposals. Deadline is October 26, 2016.

U.S. Department of Agriculture

Program: [**Beginning Farmer and Rancher Development Program**](#)

Description: Beginning farmer education for adult and young audiences in the United States can be generally traced back to the advent of the 1862 and the 1890 Morrill Land Grant Acts. But for the first time, the Food, Conservation, and Energy Act of 2008 (Pub .L. No. 110-234, Section 7410), appropriated \$75 million for FY 2009 to FY 2012 to develop and offer education, training, outreach and mentoring programs to enhance the sustainability of the next generation of farmers. The Agriculture Act of 2014 provided an additional \$20 million per year for 2014 through 2018. The reasons for the renewed interest in beginning farmer and rancher programs are: the rising average age of U.S. farmers, the 8% projected decrease in the number of farmers and ranchers between 2008 and 2018, and the growing recognition that new programs are needed to address the needs of the next generation of beginning farmers and ranchers. Deadline is December 8, 2016.

Program: [**FY 17 Farm to School Grant Program**](#)

Description: The Healthy, Hunger-Free Kids Act of 2010 (HHFKA) amended Section 18 of the Richard B. Russell National School Lunch Act (NSLA) to establish a Farm to School Program in order to assist eligible entities, through grants and technical assistance, in implementing farm to school programs that improve access to local foods in eligible schools. To fulfill the farm to school mandate in the HHFKA, \$5 million is provided to the United States Department of Agriculture (USDA) on an annual basis to support

grants, technical assistance, and the Federal administrative costs related to USDA's Farm to School Program. The USDA Farm to School Program is housed within the Food and Nutrition Services' (FNS) Office of Community Food Systems (OCFS). This request for applications (RFA) provides additional details regarding the grants component of the USDA Farm to School Program. Authorizing language in the HHFKA directed the Secretary of Agriculture to award competitive grants for: (i) Training; (ii) Supporting operations; (iii) Planning; (iv) Purchasing equipment; (v) Developing school gardens; (vi) Developing partnerships; and, (vii) Implementing farm to school programs. Deadline is December 8, 2016.

Program: **Participant Research Innovation Laboratory for Enhancing WIC Services**
Description: The objective of this opportunity is to announce the availability of funds to establish the Participant Research Innovation Laboratory for Enhancing WIC Services. The role of the Innovation Laboratory will be to:

- Develop and administer a series of sub-grants pertinent to the purposes of the grant
- Coordinate relevant grant-related activities among sub-grantees and researchers
- Conduct an evaluation of sub-grantees' activities; and,
- Widely disseminate information on innovations and technical solutions developed.

The goal of the Innovation Laboratory is to develop and test strategies to encourage retention of children in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC). Contact the headquarters or regional office, as appropriate, for application deadlines.

Program: [Centers for Agricultural Safety and Health \(U54\)](#)

Description: The National Institute for Occupational Safety and Health (NIOSH)/Centers for Disease Control and Prevention (CDC) invites applications for Centers for Agricultural Safety and Health (Ag Centers). Ag Centers are expected to conduct high quality research and help translate scientific discoveries into practical applications to improve worker safety and health in the areas of agriculture, forestry, and fishing. Center functions should include developing integrated approaches that link basic science with translation and outreach activities. Center structure should take advantage of diverse scientific resources and focus on local, regional, and/or national worker safety and health issues. Centers should place emphasis on the creation and implementation of evidence-based solutions that address important agricultural safety and health problems. Collaborations with other academic institutions, nonprofit organizations, and other occupational safety and health focused groups are expected. Deadline is November 30, 2017.

Program: [Occupational Safety and Health Training Project Grants \(T03\)](#)

Description: The National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC), invites grant applications for Training Project Grants (TPGs) that are focused on occupational safety and health training. NIOSH is mandated to provide an adequate supply of qualified personnel to carry out the

purposes of the Occupational Safety and Health Act, and the TPGs are one of the principal means for meeting this mandate. The majority of TPGs are in academic institutions that provide high quality training in the core occupational safety and health disciplines of industrial hygiene (IH), occupational health nursing (OHN), occupational medicine residency (OMR), occupational safety (OS), as well as closely related allied disciplines. NIOSH also funds non-academic programs to meet specific training needs of targeted populations including firefighters, commercial fishermen and occupational health and safety interns. Deadline is November 3, 2019.

Program: **The Pancreatic Cancer Detection Consortium (U01)**

Description: This Funding Opportunity Announcement (FOA) invites applications from multi-disciplinary teams of researchers and clinicians to establish the Pancreatic Cancer Detection Consortium (PCDC) to conduct research to improve the detection of early stage pancreatic ductal adenocarcinoma (PDAC) and characterization of its precursor lesions. This initiative addresses one of the four research priorities identified in the National Cancer Institute's 2014 Scientific Framework for Pancreatic Ductal Adenocarcinoma. The PCDC is intended to support research for the development and testing of new molecular and imaging biomarkers for identifying patients at high risk for PDAC (because of genetic factors or the presence of precursor lesions) who could be candidates for early intervention. The research will be conducted by individual multi-disciplinary research teams, hereafter called Units. The Units will undertake studies on the following areas: identification and testing of biomarkers measurable in bodily fluids for early detection of PDAC or its precursor lesions; determine which pancreatic cysts are likely to progress to cancer; develop molecular- and/or imaging-based approaches for screening populations at high risk of PDAC; conduct biomarker validation studies; and collect longitudinal biospecimens for the establishment of a biorepository. All Units are expected to participate in collaborative activities with other Units and share ideas, specimens and data within the Consortium. Deadline is April 6, 2018.

Section III PROGRAM FUNDING THROUGH PRIVATE, CORPORATE & COMMUNITY FOUNDATIONS

Program: **Griswold Cares Foundation Accepting Applications for Respite and Short-Term Home Care Programs**

Description: Established in 2010 as the charitable arm of Griswold Home Care, the Griswold Cares Foundation provides grants to select nonprofit organizations with the aim of building, strengthening, and sustaining programs that enhance the quality of life for low-income seniors and adults with disabilities who have chosen to age in place.

To that end, one-year grants of up to \$2,000 will be awarded in support of programs that provide respite care and short-term home care. The foundation also will consider funding for local community and grassroots organizations that provide other programs and services with the intent of helping those of limited financial means to age in place. Higher amounts may be awarded when a program is an exceptional fit with the foundation’s mission or giving priorities.

To be eligible, applicants must be a nonprofit organization defined as tax-exempt under Section 501(c)(3) of the Internal Revenue Code. The foundation does not consider requests for support of individuals or contributions to endowments, capital campaigns, conference costs, or technology and equipment. Deadline is October 17, 2016.

Program: **Graham Foundation Accepting Nominations for Carter Manny Awards**

Description: Founded in 1956, the Chicago-based Graham Foundation for Advanced Studies in the Fine Arts provides project-based grants to individuals and organizations and produces public programs aimed at fostering the development and exchange of diverse and challenging ideas about architecture and its role in the arts, culture, and society.

Since its establishment in 1996, the Graham Foundation 's Carter Manny Award program has awarded more than \$740,000 to outstanding doctoral students whose work represents some of the most innovative and advanced scholarship on architecture and its role in the arts, culture, and society. The program supports dissertation research and writing by promising scholars whose projects have architecture as their primary concern/focus and have the potential to shape contemporary discourse about architecture and impact the field.

Projects may be drawn from the various fields of inquiry supported by the foundation, including architectural history, theory, and criticism; design; engineering; landscape architecture; urban planning; urban studies; the visual arts; and other related fields.

The foundation offers Carter Manny awards in two categories — a research award for a student at the research stage of the doctoral dissertation, and a writing award for a student at the writing stage of the doctoral dissertation. The research award is acknowledged with up to \$15,000, while the writing award is acknowledged with up to \$20,000.

Ph.D. students officially enrolled in a school in the U.S. and Canada are eligible to apply. Students must be nominated by their department to apply for the award. Deadline is November 15, 2016.

Program: **Whole Kids Foundation Accepting Applications for Honey Bee Hive Program**

Description: The Whole Kids Foundation, in partnership with the Bee Cause Project, is accepting Letters of Intent for its Honey Bee Grant Program.

The annual program offers three grant opportunities to K-12 schools or nonprofit organizations for honey bee hive education programs -- a cash grant, observation hive grant, and traditional hive grant.

1) Cash Grant: Through this category, a grant of \$1,500 will be awarded to support the success of a honey bee hive educational program.

2) Observation Hive: Through this category, an in-kind grant of a custom-made indoor observation hive will be awarded.

3) Traditional Hive: Through this category, an in-kind grant of an outdoor top bar hive with a starter kit will be awarded.

In-kind grants include a small cash grant to cover the first year of operating expenses. Grant recipients also receive remote consultation and assistance from the Bee Cause Project.

To be eligible, applicants must be a nonprofit school or nonprofit children's organization that works with K-12 students.

Letters of Intent must be received no later than October 31, 2016. Upon review, selected applicants will be invited to submit full applications by November 15, 2016.

The foundation will host an informational webinar on October 5, 2016 at 5:00 P.M. (CST). Registration is required.

Program: [Dining for Women Giving Circle Invites Letters of Intent](#)

Description: Dining for Women is an educational giving circle whose members collectively support grassroots programs that empower women and girls living in extreme poverty. The circle supports programs that foster good health, education, and economic self-sufficiency in developing countries.

DFW selects a featured grantee each month and promotes it throughout the month at chapter meetings, through mailings and social media, and in online communications. Featured grantees are assigned to a specific month based on issue area and geography. DFW is inviting Letters of Intent for projects that will contribute to its goal of helping women and girls in the developing world achieve their potential, overcome economic limitations and social bias, and gain equality.

Projects funded must address one or more of the UN Sustainable Development Goals; create lasting change in the lives of the women and/or girls who are the focus of the program; and provide solutions that have been identified by women and/or girls. Grants will range between \$35,000 and \$50,000, to be distributed over a maximum duration of two years.

To be eligible, applicants must be considered tax exempt under Section 501(c)(3) of the Internal Revenue Code and have a minimum annual operating budget of \$100,000.

Letters of Intent must be received no later than October 24, 2016. Upon review, selected applicants will be invited to submit a full proposal.

Program: [Lodestar Foundation Accepting Applications for 2017 Collaboration Prize](#)

Description: The Lodestar Foundation has announced the 2017 Collaboration Prize, a national competition to celebrate exemplary nonprofit collaborations. The prize identifies and showcases models of permanent collaboration between two or more nonprofit organizations and is intended to shine a spotlight on collaborations that demonstrate innovative and effective responses to challenges or opportunities.

A grand prize of \$150,000 will be awarded to the collaboration that best exemplifies the impact that can result from working together on a permanent basis. In addition, each of eight finalists will receive \$10,000. In addition to identifying and showcasing exceptional nonprofit collaboration efforts, the Collaboration Prize collects and shares models and best practices for the field through the Nonprofit Collaboration Database, a resource for anyone seeking real-life examples of how nonprofit organizations can work together.

To be eligible for the prize, the collaboration must be between two or more nonprofit organizations, or two or more nonprofits and a community foundation, government entity, or public agency. Collaborations involving for-profit corporations are not eligible. In addition, a written formal agreement that memorializes the permanent collaboration and addresses the critical elements of the collaboration is required.

Applications will be accepted from October 3, 2016 through November 16, 2016. Applications received after the deadline will not be eligible for the 2017 prize. For the complete program description, eligibility criteria, and a list of materials you will need in order to submit your application, see the Collaboration Prize website. Deadline is November 16, 2016.

Program: **Nature Conservancy Seeks Proposals for School Gardens**

Description: The Nature Conservancy is working to promote environmental education through the creation of Nature Works Everywhere gardens. The core principle behind the Gardens program is that gardens model conservation science on a relatable scale. The program empowers students and teachers to work together to create and implement their own solutions to environmental challenges in their communities.

Whether addressing issues surrounding food deserts, air quality, heat island effect, or stormwater collection, youth are empowered as social innovators to model solutions in their school communities through garden design and implementation. Nature Works Everywhere gardens are designed to connect students to the global challenge of protecting the natural systems that produce our food, water, clean air, and energy.

To that end, grants of up to \$2,000 will be awarded to support the building, amendment, or revitalization of gardens on school campuses, with preference given to rain, pollinator, native habitat, and other natural infrastructure projects. Food gardens will also be funded.

To be eligible, a school must be public or charter. Schools can be an elementary, middle, or high school. Deadline is October 31, 2016.

Program: **Challenged Athletes Foundation Invites Applications for Access for Athletes Grants**

Description: The Challenged Athletes Foundation provides opportunities and support to people with physical challenges so they can pursue active lifestyles through physical fitness and competitive athletics. The foundation believes that involvement in sports at any level increases self-esteem, encourages independence, and enhances quality of life.

The foundation's Access for Athletes program is designed to reduce the financial impediments to participation in sports, ensuring that challenged athletes are not left on the sidelines because they can't afford expensive equipment or training costs. Through the program, grants of up to \$3,500 will be awarded to physically challenged athletes

for equipment such as sports wheelchairs, hand cycles, mono skis, sports prosthetics, and resources for training and competition expenses.

To be eligible, an athlete's physical disability must be recognized within the International Paralympic Committee classifications. (For more information, see the IPC website.) CAF does not discriminate based on age, gender, level of ability or sport, but does require applicants to demonstrate a clear financial need for their grant request. Deadline is December 2, 2016.

Description: The American Council of Learned Societies is accepting applications for its Luce/ACLS Program in Religion, Journalism & International Affairs program.

The program, a two-part initiative designed to foster new connections between scholars and journalists covering international affairs, offers an interrelated set of awards, including programming grants for universities and fellowships for scholars in the humanities and social sciences who study religion in international contexts.

Luce/ACLS RJIA Fellowships support scholars in the humanities and related social sciences pursuing research on any aspect of religion in international contexts who wish to connect their knowledge with journalists and media practitioners. The ultimate goal of the research should be a significant piece of scholarly work by the applicant accompanied by concrete steps that he/she will take to engage journalistic and media audiences.

In 2017-18, three universities -- Columbia, Northeastern, and Indiana -- are partnering with ACLS to establish links between their schools of arts and sciences and schools or programs of media and journalism. Fellows may choose to take up residence at any one of the three partnering institutions, or at any location suitable for pursuing their projects. In addition to providing the fellow with time, space, and resources necessary for conducting research, the partner universities have committed to fostering an environment that encourages connections between scholarship and journalism. All

fellows will be expected to participate in two program-sponsored symposia during the academic year.

ACLS will award up to six fellowships for the 2017-18 academic year, with the fellowship beginning between July and September 2017. The award carries a stipend of \$55,000, plus funds for research costs and related scholarly activities of up to \$3,000. Recipients who decide to relocate to take up residency during the fellowship year at one of ACLS's three university partners are eligible to receive an additional \$10,000 to defray the costs associated with the relocation.

To be eligible, applicants must be a citizen or permanent resident of the U.S. as of the application deadline date; have a Ph.D. degree that was conferred by the application deadline; and be able to attend and participate in two program-sponsored events. Deadline is October 26, 2016.

Program: [Herb Society of America Accepting Applications for Research Projects](#)

Description: The mission of the [Herb Society of America](#) is to promote the knowledge and use of herbs through educational programs, research, and sharing of the experience of its members with the broader community.

As part of this mission, HSA will award grants of up to \$5,000 for research on the horticultural, scientific, and/or social use of herbs throughout history. The research must define "herb" as something historically useful for flavoring, medicine, ornament, economic, industrial, and/or cosmetic purposes. The grant is intended to support small, self-contained research projects over a short-period of time. Allowable costs include compensation for investigators, professional and technical assistance, research supplies and materials, and costs for computer time. Deadline is January 31, 2017.

Applicants may be a student, professional, or amateur hobbyist.

Program: [Honeybee Conservancy Invites Applications for Beekeeping Materials](#)

Description: The [Honeybee Conservancy](#) is inviting applications for in-kind grants designed to help nonprofit organizations or schools safely set up, maintain, and observe on-site bee sanctuaries in schools, community gardens, and green spaces across the United States.

Through its Sponsor-A-Hive program, the conservancy will award grants in the form of honey or solitary bees, their homes, beekeeping equipment, and information on how to care for the bees. Through the program, bees are strategically placed in locations where they can bolster bee populations, advance science and environmental education, and pollinate locally grown food.

The conservancy also will provide grant recipients with its Sponsor-A-Hive_Teacher's Kit, which includes lesson plans and worksheets for use in teaching students more about their bee home.

To be eligible, applicants must be located in the United States and be a nonprofit organization, grade school, middle school, or high school; college or university; tribal education agency; environmental center; or food bank or community garden that does not charge a membership fee. In addition, applicant organizations must have been in existence for at least a year. Deadline is November 11, 2016.

Program: [Simons Foundation Inviting Applications for Collaboration Grants for Mathematicians](#)

Description: The [Simons Foundation](#) is inviting applications for its Collaboration Grants for Mathematicians, which are designed to stimulate collaboration in the field of mathematics by substantially increasing collaborative contacts among mathematicians.

To that end, the foundation will make a large number of collaboration grants to accomplished, active researchers in the United States who do not otherwise have access to funding that supports travel and visitors.

Each grant provides \$8,400 per year over five years: \$6,000 per year for collaboration, travel, and research expenses for the awardee; \$1,000 per year in discretionary funds for the grant recipient's department; and \$1,400 per year in indirect costs to the grant recipient's institution.

To be eligible for a grant, applicants must have a Ph.D. and tenure-track/tenured position or be a professor emeritus at a U.S. institution of higher education; have a current record of active research and publication in high-quality journals; and not hold any other external grants of over \$3,000 per year that allow for support for travel or visitors during the collaboration grant award period. There are no citizenship requirements. Individuals at for-profit organizations may not apply. Deadline is January 31, 2017.

Program: [Carey Institute for Public Good Invites Applications for Spring Nonfiction Residencies](#)

Description: The [Carey Institute for Global Good](#) is dedicated to making a better world by contributing to a strong, educated, and just society. The institute is located in the historic hamlet of Rensselaerville, New York — a community of farmers, writers, artists and civic advocates — just a two-hour drive from New York City. Nestled on a hundred-acre campus in the heart of a pristine nature reserve, it is an inspiring place where journalists, policy makers, artists, agricultural innovators, entrepreneurs, and

other change makers who seek sustainable solutions to local and global challenges can advance their work

The institute is accepting applications for its spring nonfiction residency program. Applications for a residency are judged on the quality of the applicant's work and his/her professional promise. Residencies vary in length, with a minimum stay of two weeks and a maximum stay of three months.

Documentarians, journalists, and nonfiction writers working at the professional level in their fields are eligible to apply once per calendar year. Particular areas of emphasis relate to the most pressing issues of our day, including but not limited to war and conflict; social justice and human rights; science, health, agriculture, environment and technology; biography, history, and government; education; journalism and the media; and economics and business.

Pre-applications must be received no later than October 7. Full proposals are due by November 4.

Program: [NCTM Accepting Applications for Classroom Research Grants for Teachers of Grades 7-12](#)

Description: The National Council of Teachers of Mathematics is accepting applications for grades 7-12 classroom research grants.

Grants of up to \$6,000 will be awarded to support and encourage classroom-based research in precollege mathematics education. The research must be a collaborative effort involving a college or university mathematics educator (a mathematics education researcher or a teacher of mathematics learning, teaching, or curriculum) and one or more grade 7–12 classroom teachers. The project may include but is not restricted to research on curriculum development and implementation; involvement of at-risk or

minority students; students' thinking about a particular mathematics concept or set of concepts; connection of mathematics to other disciplines; focused learning and teaching of mathematics with embedded use of technology; and/or innovative assessment or evaluation strategies. The research should lead to a draft article suitable for submission in the *Mathematics Teacher Educator*, *Journal for Research in Mathematics Education*, or in one of the NCTM school journals.

To be eligible, applicants must be a current Full Individual member or E-Member of NCTM if a 9-12 teacher, or someone who teaches at a college or university. Seventh- or eighth-grade teacher applicants may be current Full Individual or E-Members or teach at a school having a current NCTM Pre-K–8 school membership. Deadline is November 4, 2016.

Program: **AAUW Accepting Applications for Community Action Grants**

Description: The American Association of University Women strives to promote equity and education for women and girls. Since the organization's founding in 1881, AAUW members have examined and taken positions on the fundamental issues of the day — educational, social, economic, and political.

AAUW is accepting applications for its Community Action Grants Program, an annual program that provides funds to individuals, AAUW branches, and AAUW state organizations as well as local community-based nonprofit organizations for innovative

programs and non-degree research projects that promote education and equity for women and girls.

The program offers one-year grants of up to \$7,000 to support community-based projects and two-year grants of up to \$10,000 to provide start-up funds for new projects that address the particular needs of the community and develop girls' sense of efficacy through leadership or advocacy opportunities. Project topic areas are unrestricted but should include a clearly defined activity that promotes education and equity for women and girls. Special consideration will be given to projects focused on the achievements of K-12 girls and community college women in science, technology, engineering, or math. Deadline is January 15, 2017.

Program: **Sustainable Forestry Initiative Seeks Proposals for Conservation and Community Partnerships Program**

Description: The Sustainable Forestry Initiative is accepting proposals for its SFI Conservation and Community Partnerships grant program. SFI works to foster partnerships between organizations working to improve forest management in the United States and Canada and responsible procurement globally.

The program addresses issues such as improving wildlife habitat management and conservation of biodiversity, avoiding controversial sources of fiber such as those resulting from illegal logging, and assisting local communities through forest education programs and green-building projects for low-income families. Qualified organizations may apply for Conservation grants or Community grants.

1) Conservation grants of up to \$15,000 will be awarded in support of projects that measure, demonstrate, or establish methodologies to demonstrate the conservation-related values of SFI-certified forestlands, or such values as result from application of the SFI Fiber Sourcing standard. Ideally, such projects will be scalable to a regional or bio-regional level (e.g., Ponderosa Pine forests, Boreal Plains, Longleaf Pine ecosystem, the central hardwood forest, etc.). Priority will be given to projects focused on conservation values in the areas of water, climate change (including both carbon attributes and forest resiliency), and biodiversity.

2) Secondary priority will be given to projects related to the application of the SFI Forest Management or Fiber Sourcing standards, particularly in the areas of forest health, wildlife, fish, biodiversity, or which support the growth of SFI certification within the aboriginal/tribal community or enhance the capacity of this community to assess and manage natural and cultural resources.

Community grants of up to \$10,000 will be awarded for projects focused on educating youth, promoting respect for traditional indigenous values, helping provide sustainable housing for low-income families, and funding other projects to build understanding of the importance of responsible forestry.

Deadline is October 10, 2016.

Program: **BoatUS Foundation Accepting Grant Applications for Safe and Clean Boating Projects**

Description: The BoatUS Foundation for Boating Safety and Clean Water is accepting applications for its Grassroots Grants Program, which awards funds on an annual basis to nonprofit organizations, boating clubs, and student groups in the United States for projects that utilize innovative approaches to education about safe and clean boating.

The foundation is looking for creative projects that promote safe and clean boating on local waterways. Past topics have ranged from PSAs on the effects of boating under the influence to hands-on education about the effects of marine debris.

Projects the foundation is most interested in funding will be unique (topic, methods, or delivery mechanism); include extensive outreach to boaters; use technology to educate boaters, including social media and the Web; have a widespread reach (not just a handful of boaters); include hands-on work with the boating community; and have a way to measure the success of the program.

Applicants can include boating groups, clubs and associations, student groups, and local nonprofit organizations, including local chapters of national organizations. Grants will not be awarded to government agencies, international organizations, for-profit businesses, or individuals.

Applicants may request up to \$10,000. Funded projects must be completed within a year. Deadline is OPEN.

Program: **HHMI Issues RFP for Science Education Grant Program**

Description: The objective of this initiative is to increase institutional capacity for inclusion of students from all backgrounds in science. Institutions of higher education that aspire to lead in the 21st century must effectively engage all students, especially the increasing number of students who come to college through “nontraditional” pathways. Through this initiative, HHMI will support colleges and universities that commit to measurably increasing their infrastructure, resources, and expertise to involve undergraduate students in science, resulting in expanded access to excellence for all students, and especially those who belong to the “new majority” in American higher education. Our long-term aim is for successful strategies pioneered by the grantee institutions to serve as models to be adapted and adopted by other institutions.

Program: **Zayed Future Energy Global High Schools Prize**

Description: The primary aim of the Global High Schools category is to inspire future generations across the globe by instilling an ethos of sustainability from an early age, including an appreciation of issues in energy, and broader sustainability. Each school will submit a detailed proposal for a project, and the Prize will become a grant that enables the project's completion. While the main objective is to promote sustainability in schools, special emphasis of the proposed project should be on specific measurable initiatives to promote renewable energy and sustainability, which may include improvements in energy or water efficiency, or a reduction in waste.

Program: [William H. Johnson Foundation Invites Applications from African-American Artists for 2016 Johnson Prize](#)

Description: The William H. Johnson Foundation for the Arts was established in 2001 in honor of William H. Johnson, an American artist known primarily for his Scandinavian landscapes and his witty and poignant depictions of African-American daily life.

Recognizing that minority artists often need economic assistance, the foundation seeks to encourage artists early in their careers by offering financial grants. To that end, the foundation is accepting applications for the 2016 William H. Johnson Prize.

The Johnson Prize is awarded annually to an early-career African-American artist working in the area of painting, photography, sculpture, printmaking, installation, or a new genre. For award purposes, "early career" is a flexible term that should be interpreted liberally to include artists who have finished their academic work within twelve years from the year that the prize is awarded. Age is not determinative, and artists who have not earned a BFA or MFA are eligible so long as they have not been working as an artist for more than twelve years.

The 2016 prize recipient will receive \$25,000. The winner will be announced in December 20, 2016.

Program: [Foundation for Contemporary Art Accepting Applications for Emergency Grants](#)

Description: Since its inception in 1963, the mission of the Foundation for Contemporary Arts has been to encourage, sponsor, and promote innovative work in the arts created and presented by individuals, groups, and organizations.

Created in 1993, the foundation's Emergency Grants program provides grants of up to \$2,000 to innovative visual and performing artists who have unanticipated, sudden opportunities to present their work to the public when there is insufficient time to seek

other sources of funding; or who incur unexpected or unbudgeted expenses for projects close to completion with committed exhibition or performance dates.

To be eligible, applicants must be living, working, and paying taxes in the United States; have committed to a performance or exhibition opportunity and be able to provide specific dates at the time of application; and be an individual artist or an individual representing an artist collective, ensemble, or group. Curators, producers, workshop organizers, organizations, or arts presenters are not eligible to apply. Deadline is OPEN.

Program: [Calvin Institute of Christian Worship Invites Applications for Vital Worship Grants](#)

Description: The Calvin Institute of Christian Worship is accepting applications for projects designed to foster vital worship in congregations, parishes, and other worship communities in North America.

Through its Vital Worship Grants Program, the institute supports projects that connect public worship to intergenerational faith formation and Christian discipleship. This theme can unfold in many facets of worship, from Bible reading, to preaching, to baptism, intercessory prayer, congregational song, visual arts, and more.

Projects must have the potential to generate renewed interest, thoughtfulness, and energy for public worship at the local, grassroots level; be linked with the worship life of a particular community or congregation(s); include a component of theological reflection on the meaning and purpose of public worship; and be both realistic and visionary. Deadline is January 10, 2017.

Grant amounts will range between \$5,000 and \$15,000.

Program: [Chef Ann Foundation Accepting Applications for School Fresh Produce Program](#)

Description: The [Chef Ann Foundation](#) provides tools that help schools serve children healthy and delicious scratch-cooked meals made with fresh, whole food. To that end, the foundation, in partnership with [Skoop](#), is accepting applications for Project Produce: Fruit and Veggie Grants for Schools, a program that aims to expand students' palates and encourage increased consumption of and exposure to fresh produce.

Grants of up \$2,500 will be awarded to school districts for programs that engage students in lunchroom education activities that encourage students to taste new vegetables and fruits offered either in a dish, cooked, or raw. Grant funds must be used to purchase fresh fruits and vegetables to support each school's planned Project Produce programming. In addition, the majority of the produce must be locally accessible and at a price point affordable to all households.

Any district or independent school participating in the National School Lunch Program is eligible to apply. Applications must be submitted by the school district's food-service director. Districts may apply for up to ten schools at \$2,500 per school. Deadline is Rolling.

Program: [IDA Seeks Applications to Support Independent Documentary Films](#)

Description: The International Documentary Association is accepting applications for the creation of original, independent documentary films that illuminate pressing issues in the United States.

Through the Pare Lorentz Documentary Fund, IDA will award production grants of up to \$25,000 to up to a dozen projects that tell a compelling story and focus on one of Pare Lorentz's central concerns -- the appropriate use of the natural environment, justice for all, and/or the illumination of pressing social problems. The fund supports full-length documentary films that reflect the spirit and nature of Pare Lorentz's work and exhibit objective research, artful storytelling, a strong visual style, high production values, excellent writing, and outstanding music composition, as well as skillful direction, camerawork, and editing. A program of the International Documentary Association, the Pare Lorentz Documentary Fund is made possible by the New York Community Trust.

Projects must be in production at the time of application, with the bulk of research and development completed but still having substantial production or post-production related work and expenses remaining. Grant funds may be used for production and post-production related expenses incurred during the period of support.

To be eligible, the applicant must be 18 years of age or older and be a producer and/or director of the submitted work. In addition, the applicant must be an independent filmmaker working on an original project. The applicant also should be an experienced filmmaker with at least one key above-the-line (producer, director, co-director, co-producer) or other principal creative (director of photography, editor) credit on a previously completed documentary.

IDA will be accepting applications on a rolling basis until July 31, 2017. Applications will be reviewed throughout the period, with grants being awarded quarterly.

Program: [NEEF Accepting Applications for Greening STEM Integration Grants](#)

Description: The National Environmental Education Foundation (NEEF), with major funding support from the Mitsubishi Corporation Foundation for the Americas, is offering funding for teachers, afterschool programs, and nature organizations for projects that support the integration of Greening STEM into current or new programming or curriculum.

NEEF believes that the natural world offers a compelling and universal context for investigations and applications of many STEM lessons, an approach it calls Greening STEM. By learning about STEM concepts in reference to real-life environmental examples or issues, the subject matter is more tangible and extends beyond the textbook or classroom, influencing the way students think about the world and the way they view their connection to it.

Program: [Rockefeller Archive Center Accepting Applications for Grant-in-Aid Program](#)

Description: The [Rockefeller Archive Center](#) in Sleepy Hollow, New York, annually offers a competitive grant-in-aid program to foster, promote, and support research by serious scholars in the collections located at the center, which includes the records of the Rockefeller family, [Rockefeller University](#), [the Rockefeller Foundation](#), and other Rockefeller-associated philanthropies and individuals.

An independent committee reviews each application based on research topic and the availability of relevant material in the RAC collections. Awards are made to individuals only; institutions are not eligible to apply. Awards do not support research at other institutions and cannot be used for general tuition support. Application to the grant-in-aid program is open to citizens of the United States and foreign countries.

Awards will provide for reimbursement of up to \$4,000 in expenses after the award recipient has finished his or her research visit and submitted expense receipts.

Applicant must contact the center via email or by fax with a description of the project no later than October 15, 2016. Upon review, selected applicants will be invited to submit a complete application by November 1, 2016.

Program: **Donaghue Foundation Invites LOIs for Improvements to Senior Care**

Program: **Good Sports Accepting Applications for Sports Equipment Program**

Description: Good Sports helps lay the foundation for healthy, active lifestyles by providing athletic equipment, footwear, and apparel to disadvantaged young people nationwide. By working closely with teams, coaches, and community leaders across the United States, the organization is able to focus on the respective needs of each individual program and help offset the main factors causing the greatest challenges.

Good Sports is accepting applications from organizations and schools for equipment, apparel, and footwear for a wide range of sports. Organizations that are approved will have access to equipment, apparel, and footwear inventory for a two-year period.

During that time, organizations can make up to six separate donation requests — as long as need is well documented, donations will be granted. There is no need to resubmit a full application again during the two-year period.

To be eligible, applicants must directly serve youth between the ages of 3 and 18; serve youth in an economically disadvantaged area; be located in North America (the U.S. and Canada); and operate an organized sport, recreational activity, or fitness program that offers consistent and structured opportunity for play to large groups of children. Schools must apply as a whole; applications for individual programs within a school will not be considered. Donation requests for short-term events such as sports camps and tournaments or to individual athletes will not be considered.

While the equipment, apparel, and footwear received through the program are free, recipients are expected to pay shipping and handling costs, which amount to roughly 10 percent of the donation value, with a maximum fee of \$1,500.

Applications are reviewed on a rolling basis. It is recommended, however, that organizations apply at least eight weeks prior to the start of their particular season or program to ensure the desired equipment can be accessed and shipped on time

Program: [Karma for Cara Foundation Invites Applications for Youth Microgrants](#)

Description: The [Karma for Cara Foundation](#) is a nonprofit founded by 21-year-old Cara Becker and her family while she was undergoing treatment for leukemia at the [Johns Hopkins Kimmel Cancer Center](#). Cara and her two brothers began volunteering at a young age as part of their family's commitment to community service. She and her family saw a tremendous need to help support other patients and their families who were also challenged by cancer. Tragically, Cara passed four months after her diagnosis, yet her wish to help others through K4C lives on with the support of an ever-growing circle of family and friends.

As part of an effort to promote and support youth voluntarism, k4C started a microgrant program in fall 2014 to encourage kids 18 and under to apply for a grant of between \$250 and \$1,000 to complete service projects in their communities. Examples of fundable projects include but are not limited to turning a vacant lot into a community garden, rebuilding a school playground, and helping senior citizens get their homes ready for winter. Grants will be distributed as gift cards to home goods stores, office supply stores, grocery food chains, and toy stores. Deadline is OPEN.

Program: [VFW Accepting Applications From Veterans for Emergency Financial Assistance](#)

Description: [Veterans of Foreign Wars](#) is accepting applications from active and discharged military service members who have been deployed in the last six years and have run into unexpected financial difficulties as a result of deployment or other military-related activity. Since the program's inception, Unmet Needs has distributed more than \$5

million in assistance to qualified military families, with nearly half of those funds going directly toward basic housing needs.

The Unmet Needs Program provides financial assistance of up to \$5,000 to assist with basic life needs in the form of a grant — not a loan — so no repayment is required. Eligible expenses include housing and vehicle payments; utility and phone bills; food and incidentals; children's clothing, food, diapers, school, and childcare; and medical bills, prescriptions, and eyeglasses. Each expense will be considered on a case-by-case basis, and payments will be made directly to the recipient's creditors.

The hardship must be the result of deployment, a military pay issue, or military-related illness or injury. It cannot be due to civil legal or domestic issues, misconduct, or any issues that are a result of spousal separation or divorce, financial mismanagement, or bankruptcy. Deadline is OPEN.

Program:

Start a Snowball Invites Applications for Youth Philanthropy Projects

Description:

Start a Snowball, Inc. encourages kids of all ages to engage in philanthropic and community service activities. The organization believes that even one child with the right intentions and support can start a project that seems small in the beginning and eventually grows (“snowballs”) into something that inspires and benefits an entire community.

In order to help kids kick off their philanthropy efforts, Start a Snowball awards \$100 in seed funding for projects taken on by individuals or organizations.

To be eligible, projects must be led by youth between the ages of 5 and 18 and have the intention of doing good.

Start a Snowball does not give directly to collection funds. The organization also does not provide support for fundraisers for sports teams, unless they serve an underserved or disadvantaged group, or support projects that are discriminatory or political in nature. Deadline is Rolling.

Program: [Pollock-Krasner Foundation Accepting Applications From Artists With Financial Need](#)

Description: The [mission of the Pollock-Krasner Foundation](#) is to aid those individuals who have worked as artists over a significant period of time. The foundation's dual criteria for grants are recognizable artistic merit and financial need, whether professional, personal, or both.

The foundation welcomes, throughout the year, applications from visual artists (painters, sculptors, and artists who work on paper, including printmakers) with genuine financial needs. Grants are intended for a one-year period of time, with the size of the grant to be determined by the artist's individual circumstances and professional exhibition history. Artists applying for a grant must be actively exhibiting their current work in a professional artistic venue such as a gallery or museum space.

The foundation does not accept applications from commercial artists, video artists, performance artists, filmmakers, crafts-makers, computer artists, or any artist whose work primarily falls into these categories. Deadline is OPEN.

Program: [Hope For The Warriors Accepting Applications for Critical Care Support for Wounded Veterans](#)

Description: [Hope For The Warriors](#) believes those touched by military service can succeed at home by restoring their sense of self, family, and hope. Nationally, the organization provides service members, veterans, and military families with comprehensive support programs focused on transition, health and wellness, peer engagement, and community resources.

Originally designed to meet short-term needs in the days following an injury, the Hope for The Warriors' Critical Care Coordination program has expanded to assist post-9/11 combat-wounded veterans and their families as they navigate through long-term recovery.

Program case coordinators work daily with post-9/11 combat-wounded service members and veterans, their families, and families of the fallen to meet immediate financial needs related to daily living including utilities, groceries, rent, mortgage, and rental deposits. The program provides casework assistance and resource referrals that will help clients immediately and in the future. Payment is always made to a third party.

To be eligible, applicants must be seeking support for needs that are a direct result of a service member's post-9/11 combat-related injury. Deadline is OPEN.

Program: [Big Read Accepting Grant Applications for Community-Wide Reading Programs](#)

Description: The Big Read, a program of the National Endowment for the Arts, aims to restore reading to the center of American culture. Managed by Arts Midwest, the program provides organizations with grants and comprehensive resources that support their efforts to inspire their community to read and discuss a single book or the work of a poet.

Community organizations participating in the Big Read develop and produce reading programs that encourage reading and participation by diverse local audiences. These programs include activities such as author readings, book discussions, art exhibits, lectures, film series, music or dance events, theatrical performances, panel discussions, and other events and activities related to the community's chosen book or poet. Activities must focus on a book or poet from the Big Read Library. Previous grantees must select a different reading choice from their previous programming.

The program is accepting applications from nonprofit organizations to develop reading programs between September 2016 and June 2017. Organizations selected to participate receive a grant, educational and promotional materials, and access to online training resources and opportunities. Approximately seventy-five organizations will be selected from communities of varying size in the United States.

Eligible organizations may apply for grants ranging from \$5,000 to \$20,000. Grants must be matched on a one-to-one basis with non-federal funds. Grant funds may be used for a variety of expenses, including book purchases, speaker fees and travel, salaries, advertising, and venue rental. Deadline is January 26, 2017.

Program: [**Annenberg Foundation Grants**](#)

Description: The Annenberg Foundation exists to advance the public well-being through improved communication. As the principal means of achieving its goal, the Foundation encourages the development of more effective ways to share ideas and knowledge throughout the U.S. and globally.

The Foundation focuses its grantmaking on the following program areas:

- Education and youth development
- Arts, culture, and humanities
- Civic and community
- Animal services and the environment
- Health and human services

The Foundation only considers organizations defined as a public charity and tax exempt under Section 501(c)(3) of the Internal Revenue Code. Letters of inquiry that address the Foundation's interests are accepted throughout the year. Deadline: OPEN.

Program: [Caplan Foundation for Early Childhood Invites Letters of Intent](#)

Description: The [Caplan Foundation for Early Childhood](#) supports innovative, creative projects, and programs designed to significantly enhance the development, health, safety, education, and/or quality of life of children from infancy through five years of age.

The foundation provides funding in the areas of early childhood welfare, early childhood education and play, and parenting education.

1) Early Childhood Welfare: Children can only reach their full potential when all aspects of their development, intellectual, emotional and physical are optimally supported. Providing a safe and nurturing environment for infants and preschoolers is essential, as is imparting to them the skills of social living in a culturally diverse world. To that end, the foundation supports programs that research best child rearing practices and identify models that can provide creative, caring environments to ensure all children thrive.

2) Early Childhood Education and Play: Research shows that children need to be stimulated as well as nurtured, early in life, if they are to succeed in school, work, and life. That preparation relates to every aspect of a child's development, from birth to age 5, and everywhere a child learns -- at home, in childcare settings, and in preschool. The foundation seeks to improve the quality of both early childhood teaching and learning through the development of innovative curricula and research-based pedagogical standards, as well as the design of imaginative play materials and learning environments.

3) Parenting Education: To help parents create nurturing environments for their children, the foundation supports programs that teach parents about developmental psychology, cultural child-rearing differences, pedagogy, issues of health, prenatal care and diet, as well programs that provide both cognitive and emotional support to parents.

Letters of Intent are accepted on a rolling basis. Upon review, selected applicants will be invited to submit full applications.

Program: [Captain Planet Foundation Offers Grants for Hands-On Environmental Education Activities](#)

Description: The mission of the Captain Planet Foundation is to promote and support high-quality educational programs that help children and youth understand and appreciate our world through hands-on learning experiences aimed at improving the environment in their schools and communities.

Grants are intended to serve as a means of bringing environment-based education to schools and inspiring youth and communities to participate in community service through environmental stewardship activities. The foundation will fund unique and innovative projects that do not precisely match the grant guidelines but otherwise promote the foundation's mission to advance hands-on environmental activities.

The foundation makes grants to schools and nonprofit environmental and educational organizations in the United States with annual operating budgets of less than \$3 million

Deadline is:

January 31 (typically for fall and winter projects)
September 30 (typically for spring and summer projects)

Program: **Chambers of Commerce Invited to Start Young Entrepreneur Academies**

Description: The Young Entrepreneurs Academy today serves thousands of students across America. In 2011, the United States Chamber of Commerce Foundation became a national sponsor and partner of the academy to help celebrate the spirit of enterprise among today's youth and the future leaders of tomorrow.

To that end, YEA, in partnership with Sam's Club and the U.S. Chamber of Commerce Foundation, is accepting applications from chambers of commerce across the country to start Young Entrepreneurs academies of their own. The thirty-week program teaches students in grades 6-12 how to generate business ideas, conduct market research, write business plans, pitch to a panel of investors, and launch their own companies. In 2015, Sam's Club will award startup funds of up to \$2,500 each to thirty chambers of commerce across the country.

Program: **Advocacy Event Fund**

Description: Building public and political support is critical for successfully advocating to incorporate **permanently affordable housing (PAH)** into public policies and programs. Building this support requires bringing together the right stakeholders to inform, discuss, and strategize. We know that this is often challenging for our members who have limited resources. During 2015, the Network will award three to four grants of up to \$3,000 for eligible Network members to support the planning of one-time events that bring stakeholders together and garner support for the incorporation of PAH into state or local housing, transportation, and community development public policies and programs. The purpose of the grants is to fund events that will have a catalyzing effect on policy discussions, partnerships, advocacy campaigns, and eventually, policies and programs themselves.

Program: **CSX Beyond Our Rails Grant**

Description: CSX provides non-profit assistance and support through a variety of programs, including grants that typically range from \$2,500 to \$5,000 for projects focusing on safety, community, wellness, and/or the environment. CSX considers grant, sponsorship, volunteer, transportation and in-kind requests from organizations that have been approved by the IRS as 501c3 charities. Government institutions, such as fire departments and schools allowed under Internal Revenue Code 170(c), are also eligible.

Examples given for environmental projects include:

- Teaching environmental stewardship
- Planting eco-friendly trees and plants
- Leading and supporting environmental cleanups
- Recycling and waste minimization
- Promoting energy efficiency and carbon reduction

An on-line application is provided for all requests and is available from January 1 through December 15 of each year. There are no deadlines for applications, but organizations are encouraged to submit all their annual requests at one time each year.

SECTION V FELLOWSHIPS / INTERNSHIPS / SCHOLARSHIPS / FINANCIAL AID/ AWARDS

Program: **ACLS Accepting Applications for Luce Foundation Dissertation Fellowships in American Art**

Description: With support from the [Henry Luce Foundation](#), the [American Council of Learned Societies](#) offers the Luce Foundation/ACLS Dissertation Fellowships in American Art for graduate students at any stage of Ph.D. dissertation research or writing.

Ten fellowships providing stipends of \$30,000 (and up to \$4,000 as a travel allowance) are available for a non-renewable, one-year term beginning between June and September 2017 for the 2017-18 academic year. The fellowships may be carried out in residence at the fellow's home institution, abroad, or at another appropriate site for the

research. The fellowships may not be used to defray tuition costs or be held concurrently with any other major fellowship or grant.

Applicants must be a Ph.D. candidate in a department of art history in the United States. A student with an appropriate project whose degree will be granted by another department is eligible only if the principal dissertation advisor is in a department of art history. (Students preparing theses for the Master of Fine Arts degree are not eligible.)

Candidates must have a dissertation focused on a topic in the history of the visual arts of the United States. Although the topic may be historically and/or theoretically grounded, attention to the art object and/or image should be foremost. Projects must be object-oriented and use art-historical or visual studies approaches. Proposals whose emphases are predominantly socio-historical will not be considered. Applicants must have completed all requirements for the Ph.D. except the dissertation before beginning fellowship tenure, and must be a citizen or permanent resident of the United States.

Deadline is October 26, 2016.

Program: **FAWC Invites Applications for Writing Fellowships in Provincetown**

Description: The Fine Arts Work Center in Provincetown, Massachusetts, is dedicated to encouraging the growth and development of emerging visual artists and writers and to restoring the year-round vitality of the historic art colony of Provincetown. The center is internationally known for its acclaimed fellowship residency program, summer workshop program, online writing classes, and MFA program in collaboration with MassArt.

FAWC awards seven-month (October 1 through April 30) Writing Fellowships to five poets and five fiction writers each year. Writing Fellows are provided with a private furnished apartment and a monthly stipend of \$750. Fellows are required to remain in residence at the Fine Arts Work Center during the fellowship.

To be eligible, applicants must be an emerging fiction writer or poet. Those whose works fall between those two categories or employ both may also apply; however, all applicants must either choose "Fiction" or "Poetry" on the application form. FAWC actively seeks applicants from all backgrounds and does not discriminate on the basis of race, creed, color, religion, national origin, sex, age, sexual orientation, marital status, ancestry, disability, HIV status, or veteran status.

There is a \$50 application fee due upon submission of the online application. Deadline is December 1, 2016.

Program: **Applications Invited for Soros Justice Fellowships in Advocacy and Media**

Description: A program of the Open Society Foundations, Soros Justice Fellowships support outstanding individuals working to implement innovative projects that advance reform and spur debate on a range of issues facing the criminal justice system in the United

States. The fellowship program is part of a larger effort by the Open Society Foundations' Criminal Justice Fund to reduce the destructive impact of current criminal justice policies on the lives of individuals, families, and communities by challenging the overreliance on incarceration and harsh punishment and working to ensure a fair and equitable system of justice.

Fellowships of up to \$110,250 will be awarded in three categories: Advocacy Fellowships, Media Fellowships, and Youth Activist Fellowships.

1) Advocacy Fellowships: Eighteen-month grants will fund outstanding individuals — lawyers, advocates, grassroots organizers, activist academics, and others with important perspectives — working to initiate innovative policy advocacy projects at the local, state, or national levels with the potential to have a measurable impact on one or more of OSF's criminal justice priorities. Projects may range from litigation, to public education, to coalition-building and grassroots mobilization, to policy-driven research. Fellows are expected to work full-time on their projects during the fellowship term. Projects can begin in either the spring or fall of 2017.

2) Media Fellowships: Twelve-month grants will support writers, print and broadcast journalists, bloggers, filmmakers, and other individuals with distinct voices proposing to complete a media project that engages the public and spurs debate on one or more of OSF's criminal justice priorities. Fellows are expected to work full-time on their projects during the term of the fellowship. Projects can begin in either the spring or fall of 2017.

3) Youth Activist Fellowships: This new twelve- or eighteen-month fellowship program will support outstanding individuals between the ages of 18 and 25 who take on projects of their own design that address some aspect of the U.S. criminal justice system. Projects can range from public education and training, to grassroots organizing and policy advocacy, to social media campaigns and other forms of creative communications. Projects can be full- or part-time, and can begin anytime between May and November 2017. Youth Activist Fellowships come with an award of \$60,000 for full-time or eighteen-month projects (or a lesser award pro-rated for part-time or twelve-month projects), as well as access to a range of training and professional development opportunities.

The program strongly encourages applications for projects that demonstrate a clear understanding of the intersection of criminal justice issues with the particular needs of low-income communities; communities of color; immigrants, gay, lesbian, bisexual, and transgender people; women and children; and those disproportionately affected by harsh criminal justice policies, as well as applications for projects that cut across various criminal justice fields and related sectors (e.g., education, health and mental health, housing, and employment). The program particularly welcomes applications from individuals directly affected by, or with significant direct personal experience with, the policies, practices, and systems their projects seek to address (e.g., applicants who have themselves been incarcerated or who have a family member or loved one who has been incarcerated and whose fellowship project emerges from that experience). Deadline is October 12, 2016.

Program: **Aspen Institute Social Innovation Program Invites Applications for Hearst Fellowship for Minority Students**

Description: The Aspen Institute Program on Philanthropy and Social Innovation in Washington, D.C., is accepting applications for the fall session of its William Randolph Hearst Endowed Fellowship program.

The fellowship, which is based on academic excellence and need, is open to both undergraduate and graduate students of color. The Hearst Fellow serves as an intern with PSI in the Washington, D.C., office of the Aspen Institute. Through the fellowship, PSI seeks to introduce a diverse group of students to issues and challenges affecting philanthropy, social enterprise, nonprofit organizations, and other actors in the social sector. In his or her internship, the Hearst Fellow undertakes research, writing, and logistical and administrative support for PSI's leadership initiatives, public

programs, and convenings. Recipients may arrange with their colleges or universities to receive academic credit for this experience.

Candidates for the fellowship are highly motivated, current, non-graduating graduate or undergraduate students from underrepresented communities of color. Each candidate should have an excellent academic record and also have a demonstrated interest or experience in nonprofit organizations, philanthropy, and the social sector; excellent research and writing skills; demonstrated financial need; and U.S. citizenship or permanent residency.

Selected fellows must be able to work as an intern for twelve to fifteen weeks in Washington, D.C., during the academic semester in which the fellowship is awarded. Fall and spring interns will work part-time (fifteen to twenty hours per week) and summer interns will be full-time. All travel and housing costs must be covered by the student.

Fellows will be compensated on an hourly basis in the fall, spring, and summer. Deadline is November 22, 2016.

Section VI SMALL BUSINESS OPPORTUNITIES (SBIR/STTR)

<https://www.sbir.gov/sbirsearch/topic/current?page=1>

The SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

Topic: **Developing Technology that Facilitates the Management of Wildfires on Forest Lands**

Description: Proposed Phase I projects should prove the scientific or technical feasibility of the approach or concept. Projects dealing with agriculturally related manufacturing and alternative and renewable energy technologies are encouraged across all SBIR topic areas. USDA SBIR's flexible research areas ensure innovative projects consistent with USDA's vision of a healthy and productive nation in harmony with the land, air, and water. USDA SBIR Program has awarded over 2000 research and development projects since 1983, allowing hundreds of small businesses to explore their technological potential, and providing an incentive to profit from the commercialization of innovative ideas. **Close October 6, 2016**

Link: <https://www.sbir.gov/sbirsearch/detail/1161069>

Topic: **Development of technologies and services that specifically address the needs of youth, the elderly, disabled persons, military veterans, and the low-income sector of the rural population**

Description: Proposed Phase I projects should prove the scientific or technical feasibility of the approach or concept. Projects dealing with agriculturally related manufacturing and alternative and renewable energy technologies are encouraged across all SBIR topic areas. USDA SBIR's flexible research areas ensure innovative projects consistent with USDA's vision of a healthy and productive nation in harmony with the land, air, and water. USDA SBIR Program has awarded over 2000 research and development projects since 1983, allowing hundreds of small businesses to explore their technological

potential, and providing an incentive to profit from the commercialization of innovative ideas. Close October 6, 2016.

Topic: **NIH/NIDA 161: Virtual Reality Tools to Enhance Evidence Based Treatment of Substance Use Disorders**

Description: Virtual reality is unique among other technological enhancements in that it can recreate some elements of the social situations and physical environments that typically trigger relapse, allowing patients to practice skills they will need when they encounter such situations in real life. The potential for VR to enhance treatment effects has been demonstrated in domains outside of substance use (e.g., Manzoni et al., 2015 1). In addition to the potential to increase the potency of interventions by allowing patients to practice skills in realistic virtual settings, VR also has the potential to extend access to treatment outside of clinical settings, this could increase the frequency of treatment for patients and could be particularly beneficial for patients who live in rural areas or who have other health or financial barriers that make it difficult for them to get to appointments on a regular basis. **Deadline is October 21, 2016.**

Link: <https://sbir.nih.gov/sites/default/files/PHS2017-1.pdf>

Topic: **Pre K-12 Education**

Description: EA1 topics can include but are not limited to applications and technologies for young students that 1) leverage and commercialize the education research investments made to educational institutions by the National Science Foundation and other government agencies; 2) provide innovative delivery, applications, content, devices, products, services, and curricula for STEM (science, technology, engineering, and math); 3) automate the sharing, and repurposing of information, content, curation, pedagogies, and experiences that are long-term and sustainable; and 4) provide advance learning technologies and environments that better motivate and enhance the self-esteem and learning performance of students. Deadline is December 6, 2016.

FACT SHEET: Veterans Employment Center

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants
- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden's Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.
