Representative Sewell Statement on CBO Analysis of GOP Repeal Bill

Mar 13, 2017

The nonpartisan CBO releases projections of how many Americans would gain or lose insurance under the Republican proposal to repeal the Affordable Care Act

Washington, D.C. – Today, the nonpartisan Congressional Budget Office (CBO) released projections of how many Americans would gain or lose insurance under the Republican proposal to repeal the Affordable Care Act as well as cost projections for the proposed bill. The CBO analysis comes nearly a week after the Ways & Means Committee considered and voted to advance the Republican repeal bill. Congresswoman Terri A. Sewell [voted against the repeal bill](#) in committee.

“The CBO report released today makes one thing clear: the Republican repeal bill will cost American lives and leave millions uninsured,” said Rep. Terri Sewell. “Under this bill, 14 million Americans would lose their insurance within the next year. Over the next decade, that number would rise to an unsustainable 24 million uninsured Americans. Our healthcare infrastructure, from our rural hospitals to our network of family physicians, cannot withstand that kind of blow to health coverage. I believe that all Americans have a right to affordable healthcare, but this legislation turns healthcare into a privilege. For families in my district, the Republican repeal bill means more expensive coverage with fewer protections. We cannot ask working Americans to go broke, bankrupt, or do without healthcare.”

Today’s report from the CBO and Joint Committee on Taxation shows that by 2018, five million fewer people would be covered under Medicaid, six million fewer Americans would be covered in the individual market, and a total of 14 million more Americans would be without insurance. The CBO report estimates that in 2018 and 2019, average premiums for single policyholders in the non-group market would rise 15 to 20 percent under the GOP repeal bill.

In addition, the report shows that low-income seniors will see premium increases of \$12,900, while the average 40 year old will see an average premium increase of \$700. CBO projects that the actuarial value of all plans will decrease under the AHCA.

On March 9, Rep. Sewell voted against the Republican repeal bill when it passed the Ways & Means Committee in a party-line vote. Rep. Sewell’s remarks during the committee hearing [are available here](#).

Representative Sewell Statement on GOP Health Bill

Mar 7, 2017

The GOP health bill would make large cuts to Medicaid, destabilize Medicare by reducing funding for the Medicare trust fund, and increase health costs for working and low-income families.

Washington, D.C. – On Monday, Republicans in Congress released legislation to replace the Affordable Care Act. The GOP health bill would make large cuts to Medicaid, destabilize Medicare by reducing funding for the Medicare trust fund, and increase health costs for working and low-income families. Estimates suggest that [357,000 Alabamians](#) are at risk of losing their coverage if the Affordable Care Act (ACA) is repealed.

“For my constituents, access to healthcare is a life or death issue,” said Rep. Terri Sewell (D-AL). “After seven years of calling for the Affordable Care Act’s repeal, it is unconscionable that the best Republican leadership has to offer is a plan that cuts Medicaid, destabilizes Medicare, and takes insurance away from millions of hardworking Americans. In fact, estimates suggest that 357,000 Alabamians are at risk of losing their coverage if we repeal the ACA. Our access to care is a fundamental right, not a privilege. Protecting care for seniors, disabled Americans, and working and low-income families goes to the heart of who we are as a country. We cannot settle for a health plan that leaves millions of Americans without the coverage they need.”

Studies show that the GOP health plan would increase costs [for the average enrollee by \\$1,542](#) if the bill were in effect today. At the same time, the proposed bill eliminates requirements for insurance companies to cover preventative care, and makes it possible for insurers to discriminate against seniors. By cutting Medicaid and reducing health assistance to low-income families, the health bill would reduce revenue for rural hospitals, [700 of which nationwide](#) have been labeled as financially at risk.

Patients across Alabama’s 7th District would lose assistance under the GOP health plan. In Jefferson County, residents’ health coverage tax credits will be [33% lower than they were under the ACA](#). Despite concerns raised by [both Republicans and Democrats](#), House Republicans plan to move forward with consideration of the health bill in the Ways and Means Committee and Energy and Commerce Committee on Wednesday, March 8. Rep. Sewell is a member of the Ways and Means Committee and will participate in tomorrow’s markup of the GOP health bill.

Representative Sewell Statement on Travel Ban Executive Order

Mar 6, 2017

President Donald Trump issues a second executive order banning entry into the U.S. for foreign nationals

Washington, D.C. – On Monday, President Donald Trump issued a second executive order banning entry into the United States for foreign nationals from Sudan, Syria, Iran, Libya, Somalia, and Yemen. Federal courts halted President Trump’s first executive order banning travel from Muslim-majority countries, in part because the government did not provide [any substantive evidence to support the need for a ban](#). Congresswoman Terri A. Sewell releases the following statement:

“The issue of national security is one of my top priorities, but today’s executive order fails to address the major concerns raised by the travel ban that federal courts struck down last month,” said Rep. Terri Sewell. “The facts show that a ban like the President issued today doesn’t make us any safer. A person’s country of origin tells us little about their ties to terrorism. In fact, none of the past decade’s terrorist attacks in the United States were launched by immigrants from any of the countries banned in the new executive order. What’s more, today’s travel ban puts us at odds with Muslim-majority countries in a region of the world where we need more allies, not more enemies. This executive order is more focused on discrimination than it is on our national security.”

In a unanimous decision this February, the 9th Circuit Court of Appeals [upheld a restraining order](#) against President Trump’s original immigration action, ruling that the government did not present evidence that nationals from affected countries perpetrated attacks in the United States. President Trump and senior White House officials have repeatedly stated that the repackaged executive order would have [the same goals and outcome](#) as the original order struck down by the courts.

Representative Sewell Statement on Sessions' Contact with Russian Officials

Mar 2, 2017

Reports reveal that Attorney General Sessions failed to disclose contact with Russian officials **Washington, D.C.** – On Wednesday, [reports revealed that Attorney General Sessions](#) spoke twice last year with Russia's ambassador to the United States, meetings which were not disclosed during Sessions' Senate confirmation hearings. Congresswoman Terri A. Sewell (D-AL), a member of the House Permanent Select Committee on Intelligence investigating Russian election interference, releases the following statement:

“Our national security and the integrity of our elections depends on the success of our investigation into Russian election interference,” said Rep. Terri Sewell. “This investigation is too important to get it wrong. That is why I have supported legislation calling for a bipartisan, independent commission with the authority and scope to get to the bottom of Russian activity. If Attorney General Jeff Sessions knowingly perjured himself during his Senate confirmation, that is an issue that must be taken seriously. At a bare minimum, Attorney General Sessions must recuse himself from the investigation into Russian election interference, ties between Russian officials and the Trump campaign, and all related work by the Department of Justice.”

Rep. Sewell has cosponsored the [Protecting Our Democracy Act](#). This legislation would create a 12-member, bipartisan, independent commission empowered to interview witnesses, obtain documents, issue subpoenas, and receive public testimony to examine attempts by the Russian government and others to use electronic means to influence, interfere with, or sow distrust in this year's U.S. elections. Rep. Sewell is a Member of the House Permanent Select Committee on Intelligence, which [announced the scope of its congressional investigation](#) into Russian election interference on Weds., March 1.

Rep. Terri A. Sewell Statement on President Trump's HBCU Executive Order

Mar 1, 2017

President Donald Trump issued an executive order amending federal policy towards historically black universities and colleges (HBCUs).

Washington, D.C. – On Tuesday, President Donald Trump [issued an executive order](#) amending federal policy towards historically black universities and colleges (HBCUs). The executive order relocates the White House Initiative on HBCUs, requires federal agencies to plan for greater HBCU participation in federal initiatives, but provides no path forward for increasing federal funding for HBCUs. On Monday, Congresswoman Terri Sewell (D-AL) met with HBCU leaders from Alabama to gather input on what policy

changes would make the greatest difference for HBCUs and their students.

“While I am encouraged that the President made a special effort to reach out to HBCU leaders, the proof of his commitment is in his willingness to provide the critical funding needed to sustain these institutions. This executive order represents more rhetoric than real commitment to addressing the issues that HBCUs and their students face,” said Rep. Terri Sewell. “HBCUs provide a quality education for many of our nation’s judges, public school teachers, service members and engineers, they are not pawns in a political game. If we fail HCBUs, then we fail a generation of the American workforce. I will continue working in a bipartisan manner to increase financial access to higher education for my constituents and strengthen the financial footing of HBCUs in Alabama and across the country.”

This week’s executive order re-establishes the White House Initiative on HBCUs in the White House rather than in the U.S. Department of Education. The executive order requires all federal agencies to develop a plan for increasing HBCU participation in federal initiatives. Missing from the executive order is any plan for increasing federal funding to HBCUs.

In the lead up to this week’s executive order, a national coalition of HBCU leaders [urged the White House to include increased funding goals](#) for HBCUs in related executive actions.

On Monday, Feb. 27, Rep. Sewell met in D.C. with the presidents of Alabama’s HBCUs including: Dr. Cynthia Anthony of Shelton State Community; Dr. George T. French, Jr. of Miles College; Dr. Billy Hawkins of Talladega; Dr. Andrew Hugine, Jr. of Alabama A&M; Mr. Dexter Jackson of Concordia College; Dr. Brian Johnson of Tuskegee University; Dr. Leslie Pollard of Oakwood College; Dr. Perry W. Ward of Lawson State; and Dr. Leon Wilson of Alabama State University.

Description:**

Title I Grants to Local Educational Agencies (CFDA 84.010)

To help local educational agencies (LEAs) improve teaching and learning in high-poverty schools in particular for children failing, or most at-risk of failing, to meet challenging State academic achievement standards.

Use of funds varies, depending on whether a school is operating a schoolwide program under Section 1114 of the ESEA or a targeted assistance program under Section 1115 of the ESEA. A school with at least a 40 percent poverty rate may choose to operate a schoolwide program under Section 1114, which allows Title I funds to be combined with other Federal, State, and local funds to upgrade the school's overall instructional program in order to raise the achievement of the lowest-achieving students; a school that does not meet the 40 percent poverty threshold may also operate a schoolwide program if it receives a waiver to do so from the State educational agency (SEA). All other participating schools must operate a targeted assistance program, which provides extra instruction to those children failing, or most at risk of failing, to meet challenging State academic standards. Title I funds must be used only to supplement the State and local funds that would, in the absence of Title I funds, be made available for the education of participating students, and not to supplant such funds. This program is subject to non-supplanting requirements and must use a restricted indirect cost rate which is referenced under 34 CFR 76.564-76.569. For assistance call the Office of the Chief Financial Officer/Indirect Cost Group on (202) 708-7770.

Applicant Eligibility (081):

Good Sports Accepting Applications for Sports Equipment Grant

Description:

Good Sports helps lay the foundation for healthy, active lifestyles by providing athletic equipment, footwear, and apparel to disadvantaged young people nationwide. By working closely with teams, coaches, and community leaders across the United States, the organization is able to focus on the respective needs of each individual program and help offset the main factors causing the greatest challenges.

Good Sports is accepting applications from organizations and schools for equipment, apparel, and footwear for a wide range of sports. Organizations that are approved will have access to equipment, apparel, and footwear inventory for a two-year period. During that time, organizations can make up to six separate donation requests — as long as need is well documented, donations will be granted. There is no need to resubmit a full application again during the two-year period.

To be eligible, applicants must directly serve youth between the ages of 3 and 18; serve youth in an economically disadvantaged area; be located in North America (the U.S. and Canada); and operate an organized sport, recreational activity, or fitness program

that offers consistent and structured opportunity for play to large groups of children. Schools must apply as a whole; applications for individual programs within a school will not be considered. Donation requests for short-term events such as sports camps and tournaments or to individual athletes will not be considered.

While the equipment, apparel, and footwear received through the program are free, recipients are expected to pay shipping and handling costs, which amount to roughly 10 percent of the donation value, with a maximum fee of \$1,500.

Applications are reviewed on a rolling basis. It is recommended, however, that organizations apply at least eight weeks prior to the start of their particular season or program to ensure the desired equipment can be accessed and shipped on time.

Program: **Karma for Cara Foundation Invites Applications for Youth Microgrants**

Description: The Karma for Cara Foundation is a nonprofit founded by 21-year-old Cara Becker and her family while she was undergoing treatment for leukemia at the Johns Hopkins Kimmel Cancer Center. Cara and her two brothers began volunteering at a young age as part of their family's commitment to community service. She and her family saw a tremendous need to help support other patients and their families who were also challenged by cancer. Tragically, Cara passed four months after her diagnosis, yet her wish to help others through K4C lives on with the support of an ever-growing circle of family and friends.

As part of an effort to promote and support youth voluntarism, k4C started a microgrant program in fall 2014 to encourage kids 18 and under to apply for a grant of between \$250 and \$1,000 to complete service projects in their communities. Examples of fundable projects include but are not limited to turning a vacant lot into a community garden, rebuilding a school playground, and helping senior citizens get their homes ready for winter. Grants will be distributed as gift cards to home goods stores, office supply stores, grocery food chains, and toy stores. Deadline is **OPEN**.

Program: **Caplan Foundation for Early Childhood Invites Letters of Intent**

Description: The Caplan Foundation for Early Childhood supports innovative, creative projects, and programs designed to significantly enhance the development, health, safety, education, and/or quality of life of children from infancy through five years of age.

The foundation provides funding in the areas of early childhood welfare, early childhood education and play, and parenting education.

1) Early Childhood Welfare: Children can only reach their full potential when all aspects of their development, intellectual, emotional and physical are optimally supported. Providing a safe and nurturing environment for infants and preschoolers is essential, as is imparting to them the skills of social living in a culturally diverse world. To that end, the foundation supports programs that research best child rearing practices and identify models that can provide creative, caring environments to ensure all children thrive.

2) Early Childhood Education and Play: Research shows that children need to be stimulated as well as nurtured, early in life, if they are to succeed in school, work, and life. That preparation relates to every aspect of a child's development, from birth to age 5, and everywhere a child learns -- at home, in childcare settings, and in preschool. The foundation seeks to improve the quality of both early childhood teaching and learning through the development of innovative curricula and research-based pedagogical standards, as well as the design of imaginative play materials and learning environments.

3) Parenting Education: To help parents create nurturing environments for their children, the foundation supports programs that teach parents about developmental psychology, cultural child-rearing differences, pedagogy, issues of health, prenatal care and diet, as well programs that provide both cognitive and emotional support to parents.

Letters of Intent are accepted on a rolling basis. Upon review, selected applicants will be invited to submit full applications. The next deadline for submitting a LOI is **January 31, 2017**.

Program: **Chambers of Commerce Invited to Start Young Entrepreneur Academies**

Description: The Young Entrepreneurs Academy today serves thousands of students across America. In 2011, the United States Chamber of Commerce Foundation became a national sponsor and partner of the academy to help celebrate the spirit of enterprise among today's youth and the future leaders of tomorrow.

Program: **Public Welfare Foundation Funds Three Program Areas: Criminal Justice, Juvenile Justice and Workers' Rights.**

Description: The Public Welfare Foundation supports efforts to advance justice and opportunity for people in need. The Foundation looks for strategic points where its funds can make a

significant difference and improve lives through policy and system reform that results in transformative change.

Criminal Justice

Guidelines

The Foundation's Criminal Justice Program supports groups that are working to end the overincarceration of adults in the United States while also aiming to reduce racial disparities. In particular, the Program makes grants primarily to state-based groups that are working to:

- Reduce state incarceration levels and racial disparities through reforms in sentencing, charging, and supervision policies and procedures.
- Advance the redirection and prioritization of state and local resources toward targeted investments that support system-involved individuals in their communities, through research and strategic thought leadership.

Juvenile Justice

Guidelines

The Foundation's Juvenile Justice Program supports groups working to end the criminalization and reliance on incarceration of youth in the United States. In particular, the Program makes grants to groups that are working to:

- Advance state policies that dramatically restrict juvenile justice systems' use of incarceration and out-of-home placements and prioritize the use of community-based programs for youth;
- End the practice of trying, sentencing, and incarcerating youth in the adult criminal justice system; and
- Promote the fair and equitable treatment of youth of color who come into contact with the juvenile justice system.

Workers' Rights

Guidelines

The Foundation's Workers' Rights Program supports policy and system reforms to improve the lives of low-wage working people in the United States, with a focus on securing their basic legal rights to safe, healthy, and fair conditions at work. Specifically, the Program makes grants to groups working to:

- Advance reforms to hold employers accountable for wage theft;
- Advance reforms to prevent severe illness, injury, and death on the job; and
- Advance workers' rights in complex, fissured employment arrangements through research and strategic thought leadership.

ATTENTION VETERANS:

FACT SHEET: Veterans Employment Center

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants

- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden’s Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.

The Veterans Employment Center can be found at: <https://www.ebenefits.va.gov/ebenefits/jobs>
