

Guide to Grants

From the Office of Congresswoman Terri A. Sewell

Proudly Representing Alabama's 7th Congressional District

July 18, 2017

Welcome to the *Guide to Grants!*

I am honored to represent the 7th Congressional District of Alabama. One of the most important responsibilities as your representative is to provide you with information about funding opportunities. Now more than ever, grant opportunities are vital to the success of our local governments, organizations and other entities. This guide will identify federal and foundation grant opportunities to assist you in goals for our communities. This guide will include links to grant writing resources to help you make your proposals more successful. This guide will also describe new funding opportunities for economic development, infrastructure, healthcare and educational projects. In addition, I am pleased to provide a Letter of Support for grant application projects in the 7th Congressional District of Alabama. Please let us know when grants are awarded, especially if you found the opportunities in the *Guide to Grants*.

Press Release

Job Fair will be held at University of West Alabama in Livingston

On Thursday, August 3, 2017, Congresswoman Terri A. Sewell (D-AL) will host the 6th Annual Congressional Job Fair at the University of West Alabama in Livingston. The Job Fair will feature over fifty major employers hiring in Alabama in industries ranging from the automotive industry to the military to health services. Online registration for the job fair is free and [available here](#).

WHEN: Thursday, August 3, 2017 10:00 AM – 2:00 PM

WHERE:

University of West Alabama
Hughes Gymnasium
100 US Highway 11
Livingston, AL 35470

WHO: Rep. Terri Sewell will host the 6th Annual Congressional Job Fair and will be available at the event for interview. *Employers at the event include:* Alabama Power Company, Honda, Protective Life Corps, Wells Fargo, University of Alabama, U.S. Military and many others. A full list of employers at this year's job fair [is available on Rep. Sewell's website](#).

BACKGROUND: Like many areas across our nation, parts of the 7th Congressional District of Alabama continue to struggle with high unemployment. The unemployment rate in Sumter County, where this year's Job Fair will be held, is 6.5 percent, more than two points above the national average.

In addition to hosting the annual Congressional Job Fair, Rep. Sewell [founded Project R.E.A.D.Y.](#), a workforce development initiative which offers training workshops conducted throughout the 7th congressional district by career professionals in partnership with educational institutions. The next Project R.E.A.D.Y. workshop will be held on Monday, July 31, at Shelton State Community College in Tuscaloosa. [See more information and register online for the July 31 Project R.E.A.D.Y. event](#). Since coming to Congress, Rep. Sewell has made job growth a top priority. In the House of Representatives, Rep. Sewell has introduced [the Workforce Development Tax Credit Act](#) (H.R. 1190), a bipartisan bill that prepares workers for manufacturing jobs by providing federal tax credits for businesses that offer apprenticeship programs and additional tax credits for companies that hire apprentices.

Rep. Sewell Statement on Trump Jr. Meeting with Russian Lawyer

Press Release

Donald Trump Jr. scheduled meeting with Russian govt affiliate for opposition research

Washington, D.C. – On Tuesday, Donald Trump Jr. released email text exposing information about his meeting with a “Russian government attorney” who promised to provide damaging information about Hillary Clinton as part of Russia’s support for the Trump campaign. Congresswoman Terri A. Sewell, a member of the House Permanent Select Committee on Intelligence, releases the following statement:

“What we learned this week about the Trump campaign’s meeting with a Russian official is deeply disturbing and highly unethical,” said Congresswoman Terri Sewell. “What’s worse, the Trump campaign’s failure to disclose their meeting to our intelligence community even after news broke on Russian election interference was a complete breach of basic civic responsibility. On the House Intelligence Committee, it’s our job to gather all the facts about this meeting, including testimony from those who attended and any related documents. The American people deserve to know whether this meeting was used by the Russians to test the waters with the Trump campaign and what follow up was conducted by Russian officials.”

Ten House Democrats Unveil Plan to Stabilize & Improve the Individual Marketplace

Press Release

Washington, D.C. – Less than one week after Senator Majority Leader Mitch McConnell (R-KY) stated that a limited bill could be needed to stabilize the health insurance marketplace, a group of House Democrats from across the political spectrum unveiled a five-part plan to improve upon the Affordable Care Act and stabilize the individual marketplace.

The plan, titled “Solutions over Politics”, seeks to stabilize the individual market while protecting insurance for people with pre-existing conditions, keeping costs down for lower income individuals, promoting enrollment and ensuring everyone pays their fair share. Led by the New Democrat Coalition, the group includes Congresswoman Terri A. Sewell (D-AL) and nine other House Democrats.

“Health care is a right, not a privilege, and we have a responsibility in Congress to put solutions over politics when it comes to ensuring all Americans have access to quality, affordable health care,” said Rep. Sewell. “I am honored to join my colleagues to urge Republicans to abandon their partisan health care repeal bill and work with us on policies that provide stability and certainty to health insurance markets across the country. Our proposal addresses some of biggest challenges in our health care system with commonsense solutions, like protecting premium assistance, promoting continuous coverage, and protecting essential health benefits. The Affordable Care Act delivered affordable health care to millions of Americans. Rather than going back on that promise, it’s our job in Congress to improve the ACA by reducing costs, increasing coverage, and stabilizing the marketplace.”

Sewell Amendments to Intelligence Authorization Act Pass Committee

Press Release

Intelligence Committee unanimously passes FY18 IAA with amendments

Washington, D.C. – On Thursday, the Intelligence Committee unanimously advanced the bipartisan Intelligence Authorization Act (IAA) for Fiscal Year (FY) 2018, including two amendments offered by Congresswoman Terri Sewell (D-AL). The annual IAA ensures that the programs and activities of the U.S. Intelligence Community (IC), including Department of Defense (DoD) intelligence elements, are ratified in law and have adequate resources to protect the nation from local and foreign threats. Rep. Sewell offered two amendments to the FY18 IAA, including an amendment to strengthen protections against election-related cyber threats, and an amendment to promote in the IC workforce.

“Our national security is truly a bipartisan issue and this legislation is a reflection of both parties’ shared commitment to the safety and security of all Americans,” said Rep. Sewell. “This bill helps provide our intelligence community with the necessary resources and capabilities to defend our nation against ongoing and emerging threats around the world.”

“One of the greatest threats to our democracy today is the vulnerability of our elections to cyber-attacks. That is why I introduced an amendment to this year’s IAA that provides our lawmakers, election officials, campaigns, and the public with additional information and resources to defend our democracy against emerging cyber threats. Our intelligence community warns that if we do not act on this issue, our democracy will again fall victim to Russian cyber-threats. The cybersecurity of our elections shouldn’t be a partisan issue, and I was proud to see our Committee take a step forward together by passing my amendment.”

“The Committee today also accepted my provision to continue to promote diversity in the IC workforce. By passing this amendment to the IAA, we will continue to be able to provide a summer internship program to students from the existing Centers of Academic Excellence (CAE). We also continue to hold the IC accountable for doing a better job of developing a matrix to assess how minority fellowships and internships actually achieve their desired results, which is to increase the number of minorities hired by the IC.”

The Permanent Select Committee on Intelligence is also responsible for the House investigation Russia’s attack on American elections in 2016. As a Member of the Committee, Rep. Sewell has heard testimony from high-ranking intelligence officials [who agree that another cyberattack by Russia is imminent](#) should the United States fail to act.

Congresswoman Sewell Votes for National Defense Authorization Act

Press Release

House passes National Defense Authorization Act for Fiscal Year 2018

Washington, D.C. – Congresswoman Terri Sewell, a Member of the House Permanent Select Committee on Intelligence, issued the following statement after voting for H.R. 2810, the National Defense Authorization Act for Fiscal Year 2018:

“As a Member of Congress, one of my top priorities is to ensure that our brave men and women in uniform have all of the support necessary to protect and defend our nation from threats both foreign and domestic. By ending the defense sequester, modernizing our military force for the future, and rebuilding our military readiness, the National Defense Authorization Act makes good on our commitment to preserve our national security and support our service members. I am particularly pleased to see that this bill prioritizes the readiness of U.S. Cyber Command, cyber mission forces, and cyber warfare tools and capabilities, including initiatives to strengthen the cyber workforce and strengthen congressional oversight of these capabilities.”

“While I am supportive of the funding allocated to these critically important defense programs, I continue to have strong concerns about Congress’ inability to make difficult funding decisions as it relates to our national security priorities. Ultimately, I am deeply concerned that many of these initiatives will potentially be funded at the expense of vital domestic spending programs. While robust funding of our national security is paramount, it is equally as important that we continue to provide essential funding for domestic programs that help educate our children, ensure every American has access to quality and affordable healthcare, and repair our deteriorating infrastructure.”

The National Defense Authorization Act for FY18 authorizes \$631.5 billion for base budget requirements as well as \$64.6 billion for Overseas Contingency Operations. This legislation contains several provisions that would equip, supply, and train U.S. troops; provide resources for them and their families; and set national security policy for threats at home and abroad.

[Rep. Sewell Leads Letter in Support of Apprenticeships to President](#)

Press Release

48 Members of the New Democrat Coalition send a letter to President Trump in support of workforce development

Washington, D.C. – On Monday, 48 Members of the New Democrat Coalition sent a letter to President Trump calling for a robust commitment to apprenticeship programs. The letter, led by Reps. Terri Sewell (AL-07), Cheri Bustos (IL- 17), Ann McLane Kuster (NH-02), and Donald Norcorss (NJ-01), outlines the importance of apprenticeship and urges the administration to maintain strong levels of funding for apprenticeship initiatives across the country.

“When it comes to jobs and workforce development, it’s time for this Administration to walk the walk,” said New Dem Vice-Chair Rep. Terri Sewell. “Rather than slashing the budget for worker training programs, we need to provide more opportunities for American workers to gain the skills and training needed to compete in the modern economy. The workforce development programs which the President cuts in this year’s budget have helped to reduce unemployment in Alabama and have brought veterans back into the civilian workforce. Hardworking Americans deserve more than empty rhetoric on jobs, and I urge this President to make good on his promise for job growth by working with Congress to support and strengthen our proven workforce development programs.”

In conjunction with the letter, the New Democrat Coalition is hosting the third of its forums on the Future of Work this week. The forum will focus on workforce development, 21st century skills training, and the opportunities apprenticeship initiatives can offer. The forum will take place on Wednesday, July 19th from 9:00 – 11:00 in Cannon 340. [Visit the New Dem Facebook](#) page to watch the livestream.

Rep. Sewell: House GOP Budget is “Short-Sighted and Cruel”

House Republican 2018 Budget Cuts Taxes for Wealthy, Slashes Investments

Washington, D.C. – On Tuesday, House Republican leaders unveiled the House Republican 2018 budget resolution. The budget assumes \$5.4 trillion in spending cuts over ten years, including half a trillion dollars in cuts to Medicare, and another \$1.5 trillion from dismantling the Affordable Care Act and cutting Medicaid and other health programs.

Congresswoman Terri A. Sewell (D-AL) releases the following statements:

“Budgets are a reflection of our priorities, and in this case, Republican leaders in Congress have made it clear that they prioritize wealthy individuals over working people trying their best to make it in America,” said Rep. Terri Sewell. “To pay for tax cuts for the wealthy, the GOP budget slashes investments in economic development, education, health care, and public safety. Refusing to provide a path to success for working families and struggling Americans is short-sighted and cruel. If Republican leaders want to ‘Build a Better America,’ they cannot abandon seniors, workers, low-income individuals, students, the disabled, and all those who need a hand up.”

Section I GENERAL GRANT INFORMATION

- Grants and Federal Domestic Assistance - Guidance and key resources to help eligible constituents find information on federal grants, loans, and nonfinancial assistance for projects, as well as on private funding. Prepared by the Congressional Research Service for Members of Congress, updated May 2014. Website: <http://sewell.house.gov/grant-information/>
- A federal grant is an award of financial assistance from a federal agency to a recipient to carry out a public purpose of support or stimulation authorized by a law of the United States. Federal grants are not federal assistance or loans to individuals. A federal grant may not be used to acquire property or services for the federal government's direct benefit. The 26 federal agencies offer over 1,000 grant programs annually in various categories. Website: <http://www07.grants.gov/aboutgrants/grants.jsp>

Section II PROGRAM FUNDING THROUGH FEDERAL AGENCIES

National Endowment for the Arts

[Our Town Application, FY2018 – \(CFDA 45.024\)](#)

The Our Town grant program supports creative placemaking projects that help to transform communities into lively, beautiful, and resilient places – achieving these community goals through strategies that incorporate arts, culture, and/or design. Creative placemaking is when artists, arts organizations, and community development practitioners deliberately integrate arts and culture into community revitalization work - placing arts at the table with land-use, transportation, economic development, education, housing, infrastructure, and public safety strategies. This funding supports local efforts to enhance quality of life and opportunity for existing residents, increase creative activity, and create or preserve a distinct sense of place. Through Our Town, subject to the availability of funding, the National Endowment for the Arts will provide a limited number of grants for creative placemaking. Our Town requires partnerships between arts organizations and government, other nonprofit organizations, and private entities to achieve livability goals for communities. Our Town offers support for projects in two areas:

- Arts Engagement, Cultural Planning, and Design Projects. These projects represent the distinct character and quality of their communities. These projects require a partnership between a nonprofit organization and a local government entity, with one of the partners being a cultural organization. Matching grants range from \$25,000 to \$200,000.
- Projects that Build Knowledge About Creative Placemaking. These projects are available to arts and design service organizations, and industry, policy, or university organizations that provide technical assistance to those doing place-based work. Matching grants range from \$25,000 to \$100,000.

Deadline: September 11, 2017

National Endowment for the Humanities

[Humanities Collections and Reference Resources – \(CFDA 45.149 \)](#)

The Humanities Collections and Reference Resources (HCRR) program supports projects that provide an essential underpinning for scholarship, education, and public programming in the humanities. Thousands of libraries, archives, museums, and historical organizations across the country maintain important collections of books and manuscripts, photographs, sound recordings and moving images, archaeological and ethnographic artifacts, art and material culture, and digital objects. Funding from this program strengthens efforts to extend the life of such materials and make their intellectual content widely accessible, often through the use of digital technology. Awards are also made to create various reference resources that facilitate use of cultural materials,

from works that provide basic information quickly to tools that synthesize and codify knowledge of a subject for in-depth investigation.

HCRF offers two kinds of awards: 1) for implementation and 2) for planning, assessment, and pilot efforts (*HCRF Foundations* grants).

Deadline: July 20, 2017

Public Humanities Projects – (CFDA 45.164)

Public Humanities Projects grants support projects that bring the ideas and insights of the humanities to life for general audiences. Projects must engage humanities scholarship to analyze significant themes in disciplines such as history, literature, ethics, and art history, or to address challenging issues in contemporary life. NEH encourages projects that involve members of the public in collaboration with humanities scholars or that invite contributions from the community in the development and delivery of humanities programming. This grant program supports a variety of forms of audience engagement. Applications should follow the parameters set out below for one of the following three formats:

- **Community Conversations:** This format supports one- to two-year-long series of community-wide public discussions that bring together a diverse group of residents to address important topics relevant to their town or city, guided by the perspectives of the humanities. Applicants must demonstrate prior experience conducting public and nonpartisan dialogues about important topics.
- **Exhibitions:** This format supports permanent exhibitions that will be on view for at least three years, or travelling exhibitions that will be available to public audiences in at least two venues in the United States (including the originating location).
- **Historic Places:** This format supports the interpretation of historic sites, houses, neighborhoods, and regions, which might include living history presentations, guided tours, exhibitions, and public programs. NEH encourages projects that explore humanities ideas through multiple formats. Proposed projects may include complementary components: for example, a museum exhibition might be accompanied by a website, mobile app, or discussion programs. Your application must identify one primary format for your project and follow the application instructions for that format.

Deadline: August 9, 2017

Media Projects – (CFDA 45.164)

The Media Projects program supports film, television, and radio projects that engage general audiences with humanities ideas in creative and appealing ways. All projects must be grounded in humanities scholarship in disciplines such as history, art history, film studies, literature, drama, religious studies, philosophy, or anthropology. Projects must also demonstrate an approach that is thoughtful, balanced, and analytical (rather than celebratory). The approach to the subject matter must go beyond the mere presentation of factual information to explore its larger significance and stimulate critical thinking. NEH is a national funding agency, so the projects that we support must demonstrate the potential to attract a broad general audience. Film and television projects may be single programs or a series addressing significant figures, events, or ideas. Programs must be intended for national distribution, via traditional carriage or online distribution. The Division of Public Programs welcomes projects that range in length from short-form to broadcast-length video. The Division of Public Programs also encourages film and television projects that examine international themes and subjects in the humanities, in order to spark Americans' engagement with the broader world beyond the United States. These projects should demonstrate international collaboration by enlisting scholars based both in the United States and abroad, and/or by working with an international media team. The collaborations should bring broad cross-cultural perspectives to the proposed topics and should be intended primarily for U.S. public audiences. Radio projects, including podcasts, may involve single programs, limited series, or segments within an ongoing series.

Deadline: August 9, 2017

Humanities Open Book Program – (CFDA 45.169)

The Humanities Open Book Program is designed to make outstanding out-of-print humanities books available to a wide audience. By taking advantage of low-cost “ebook” technology, the program will allow teachers, students, scholars, and the public to read humanities books that have long been out of print. The Humanities Open Book Program is jointly sponsored by NEH and the Andrew W. Mellon Foundation. Traditionally, printed books have been the primary medium for expressing, communicating, and debating humanistic ideas. However, the vast majority of humanities books sell a small number of copies and then quickly go out of print. Most scholarly books printed since 1923 are not in the public domain and are not easily available to the general public. As a result, there is a huge, mostly untapped resource of remarkable scholarship going back decades that is largely unused by today's scholars, teachers, students, and members of the public, many of whom turn first to the Internet when looking for information. Modern ebook technology can make these books far more accessible than they are today. NEH and Mellon are soliciting proposals from academic presses, scholarly societies, museums, and other institutions that publish books in the humanities to participate in the Humanities Open Book Program.

Faculty Early Career Development Program – (CFDA 47.041, 47.049, 47.050, 47.070, 47.074, 47.075, 47.076, 47.079, 47.083)

CAREER: The Faculty Early Career Development (CAREER) Program is a Foundation-wide activity that offers the National Science Foundation's most prestigious awards in support of early-career faculty who have the potential to serve as academic role models in research and education and to lead advances in the mission of their department or organization. Activities pursued by early-career faculty should build a firm foundation for a lifetime of leadership in integrating education and research. NSF encourages submission of CAREER proposals from early-career faculty at all CAREER-eligible organizations and especially encourages women, members of underrepresented minority groups, and persons with disabilities to apply. PECASE: Each year NSF selects nominees for the Presidential Early Career Awards for Scientists and Engineers (PECASE) from among the most meritorious recent CAREER awardees. Selection for this award is based on two important criteria: 1) innovative research at the frontiers of science and technology that is relevant to the mission of NSF, and 2) community service demonstrated through scientific leadership, education, or community outreach. These awards foster innovative developments in science and technology, increase awareness of careers in science and engineering, give recognition to the scientific missions of the participating agencies, enhance connections between fundamental research and national goals, and highlight the importance of science and technology for the Nation's future. Individuals cannot apply for PECASE. These awards are initiated by the participating federal agencies. At NSF, up to twenty nominees for this award are selected each year from among the PECASE-eligible CAREER awardees most likely to become the leaders of academic research and education in the twenty-first century. The White House Office of Science and Technology Policy makes the final selection and announcement of the awardees.

Historically Black Colleges and Universities – Undergraduate Program – (CFDA 47.076)

To meet the nation's accelerating demands for STEM talent, more rapid gains in achievement and successful degree completion in STEM for underrepresented minority populations are needed. The Historically Black Colleges and Universities Undergraduate Program (HBCU-UP) is committed to enhancing the quality of undergraduate STEM education and research at HBCUs as a means to broaden participation in the nation's STEM workforce. To this end, HBCU-UP provides awards to develop, implement, and study evidence-based innovative models and approaches for improving the preparation and success of HBCU undergraduate students so that they may pursue STEM graduate programs and/or careers.

Deadline: October 3, 2017

Advanced Technological Education

With an emphasis on two-year colleges, the Advanced Technological Education (ATE) program focuses on the education of technicians for the high-technology fields that drive our nation's economy. The program involves partnerships between academic institutions and industry to promote improvement in the education of science and engineering technicians at the undergraduate and secondary school levels. The ATE program supports curriculum development; professional development of college faculty and secondary school teachers; career pathways; and other activities. The program invites research proposals that advance the knowledge base related to technician education. It is expected that projects be faculty driven and that courses and programs are credit bearing although materials developed may also be used for incumbent worker education. The ATE program encourages partnerships with other entities that may impact technician education. For example, with

- the National Institute of Standards and Technology (NIST) Manufacturing Extension Partnerships (MEPs) <http://www.nist.gov/mep/index.cfm> as applicable to support technician education programs and the industries they serve;
- Manufacturing USA Institutes <https://manufacturing.gov/nnmi-institutes/> and Investing in Manufacturing Communities of Practice (IMCPs) <https://www.eda.gov/imcp/> addressing workforce development issues (also see NSF DCL 16-007); and
- NSF Industry & University Cooperative Research Program (I/UCRC) awardees. <http://www.nsf.gov/eng/iip/iucrc>

The ATE program encourages proposals from Minority Serving Institutions and other institutions that support the recruitment, retention, and completion of students underrepresented in STEM in technician education programs that award associate degrees. NSF is particularly interested in proposals from all types of Minority Serving Institutions (including Hispanic Serving Institutions, Historically Black Colleges and Universities, Tribal Colleges and Universities, and Alaska Native and Native Hawaiian Serving Institutions) where the proportion of underrepresented students interested in advanced technology careers is growing.

Training-based Workforce Development for Advanced Cyberinfrastructure – (CFDA 47.041, 47.049, 47.050, 47.070, 47.076)

The overarching goal of this program is to prepare, nurture and grow the national scientific workforce for creating, utilizing, and supporting advanced cyberinfrastructure (CI) that enables cutting-edge science and engineering and contributes to the Nation's overall economic competitiveness and security. For the purpose of this solicitation, advanced CI is broadly defined as the resources, tools, and services for advanced computation, data handling, networking and security. The need for such workforce development programs are highlighted by the (i) National Strategic Computing Initiative announced in 2015 ([NSCI](#)), which is co-led by NSF and aims to advance the high-performance computing ecosystem and develop workforce essential for scientific discovery; (ii) 2016 National Academies' report on [Future Directions for NSF Advanced Computing Infrastructure to Support U.S. Science and Engineering in 2017-2020](#); and (iii) [Federal Big Data Research and Development Strategic Plan](#), which seeks to expand the community of data-empowered experts across all domains. This solicitation calls for developing innovative, scalable training programs to address the emerging needs and unresolved bottlenecks in scientific and engineering workforce development of targeted, multidisciplinary communities, at the postsecondary level and beyond, leading to transformative changes in the state of workforce preparedness for advanced CI in the short and long terms.

Community Facilities Technical Assistance and Training Grant - (CFA 10.766)

This program provides affordable funding to develop essential community facilities in rural areas. An essential community facility is defined as a facility that provides an essential service to the local community for the orderly development of the community in a primarily rural area, and does not include private, commercial or business undertakings.

Examples of essential community facilities include:

- Health care facilities such as hospitals, medical clinics, dental clinics, nursing homes or assisted living facilities
- Public facilities such as town halls, courthouses, airport hangars or street improvements
- Community support services such as child care centers, community centers, fairgrounds or transitional housing
- Public safety services such as fire departments, police stations, prisons, police vehicles, fire trucks, public works vehicles or equipment
- Educational services such as museums, libraries or private schools
- Utility services such as telemedicine or distance learning equipment

- Local food systems such as community gardens, food pantries, community kitchens, food banks, food hubs or greenhouses

Applicant Eligibility: City, county, and State agencies; Community-based non-profit corporations and Federally-recognized Tribes. Rural areas including cities, villages, townships and towns including Federally Recognized Tribal Lands with no more than 20,000 residents according to the latest U.S. Census Data are eligible for this program. (12/01/16)

Deadline: July 24, 2017

[Rural Community Development Initiative – \(CFDA 10.446\)](#)

Qualified private, nonprofit and public including tribal intermediary organizations proposing to carry out financial and technical assistance programs will be eligible to receive the funding. The Intermediary will be required to provide matching funds in an amount at least equal to the RCDI grant. The respective minimum and maximum grant amount per Intermediary is \$50,000 and \$250,000. The Intermediary must provide a program of financial and technical assistance to recipients to develop their capacity and ability to undertake projects related to housing, community facilities, or community and economic development that will support the community.

Deadline: July 25, 2017

[Socially-Disadvantaged Groups Grant – \(CFDA 10.871\)](#)

To provide technical assistance to socially-disadvantaged groups through cooperatives and Cooperative Development Centers. Ultimate beneficiaries must be in rural areas. All available funds are discretionary funds and must be awarded through a national competition.

Applicant Eligibility: Eligible applicants are cooperatives, groups of cooperatives, and cooperative development centers that serve socially-disadvantaged groups and whose governing board is comprised of a majority of individuals who are members of a socially-disadvantaged group. Applicants are not eligible if they have been debarred or suspended or otherwise excluded from participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.” Applicants are not eligible if they have an outstanding judgement obtained by the U.S. in a Federal Court (other than U.S. Tax Court), are delinquent on the payment of Federal income taxes, or are delinquent on a Federal debt. Any corporation that has been convicted of a felony criminal violation under any Federal law within the past 24 months or that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, is not eligible for funding. (3/1/17)

Beneficiary Eligibility: Ultimate beneficiaries must be located in rural areas, as defined by 7 U.S.C. 1991(a).

FY2016 – FY2019 EDA Planning Program and Local Technical Assistance Program – (CFDA 11.302, 11.303)

EDA oversees three technical assistance programs (National, Local and University Center) that promote economic development and alleviate unemployment, underemployment, and out-migration in distressed regions. These programs provide grants or cooperative agreements to: (1) invest in institutions of higher education to establish and operate University Centers to support initiatives that are focused on advancing: regional commercialization efforts; entrepreneurship; and a high-skilled regional workforce. provide technical assistance to public and private sector organizations with the goal of enhancing local economic development; (2) support innovative approaches to stimulate economic development in distressed regions; (3) disseminate information and studies of economic development issues of national significance; and (4) finance feasibility studies and other projects leading to local economic development. These programs aid the long-range economic development of regions with severe unemployment and low per capita income.

Most technical assistance recipients are private or public nonprofit organizations and educational institutions. Individuals, companies, corporations, and associations organized for profit are not eligible. (2/7/17)

Deadline: N/A

Investments for Public Works and Economic Development Facilities – (CFDA 11.300)

Public Works grants support the construction or rehabilitation of essential public infrastructure and facilities necessary to generate or retain private sector jobs and investments, attract private sector capital, and promote regional competitiveness, innovation, and entrepreneurship, including investments that expand and upgrade infrastructure to attract new industry, support technology-led development, accelerate new business development, and enhance the ability of regions to capitalize on opportunities presented by free trade..

Characteristic projects include investments in facilities such as water and sewer systems, industrial access roads, business parks, port facilities, rail spurs, skill-training facilities, business incubator facilities, brownfield redevelopment, eco-industrial facilities, and telecommunications and broadband infrastructure improvements necessary for business creation, retention and expansion.

Eligible applicants for and recipients of EDA investment assistance include a State, city, county, or other political subdivision of a State, including a(n): (a) District Organization as defined in 13 CFR § 304.2; (b) Indian Tribe or a consortium of Indian Tribes; (c) State, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of such political subdivisions; (d) institution of higher education or a consortium of institutions of higher education; or (e) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. (2/7/17)

Deadline: Not Applicable.

Economic Development Assistance Programs – (CFDA 11.307)

The Economic Adjustment Assistance Program provides a wide range of technical, planning and public works and infrastructure assistance in regions experiencing adverse economic changes that may occur suddenly or over time. This program is designed to respond flexibly to pressing economic recovery issues and is well suited to help address challenges faced by U.S. communities and regions.

Current investment priorities include proposals that focus on (a) Collaborative Regional Innovation, (b) Public/Private Partnerships, (c) National Strategic Priorities, (d) Global Competitiveness, (e) Environmentally-Sustainable Development, (f) Economically Distressed and Underserved Communities. Native Youth Initiative for Leadership, Empowerment, and Development (I-LEAD) – (CFDA 93.612)

The Administration for Native Americans (ANA), within the Administration for Children and Families (ACF), announces the availability of Fiscal Year (FY) 2017 funds for the Native Youth I-LEAD. This program will emphasize a comprehensive, culturally-appropriate approach to ensure that all young Native people can thrive and reach their full potential by fostering Native youth resilience, capacity building, and leadership. Native Youth I-LEAD will specifically focus on implementation of community programs that promote Native youth resiliency and foster protective factors such as connections with Native languages and Elders, positive peer groups, culturally-responsive parenting resources, models of safe sanctuary, and reconnection with traditional healing. Projects will also promote Native youth leadership development through the establishment of local models to instill confidence in Native youth of their value and potential, preparation of older youth to be role models for younger peers, and activities that foster leadership and skills-building. In addition, it is intended that Native youth must be actively involved during the planning and implementation phases of the projects to ensure that they are responsive to the needs of Native youth in the communities to be served and to ensure that youth remain engaged throughout the project period.

Rural Health Opioid Program – (CFDA 93.912)

This announcement solicits applications for the Rural Health Opioid Program (RHOP). The purpose of RHOP is to promote rural health care services outreach by expanding the delivery of opioid related health care services to rural communities. The program will reduce the morbidity and mortality related to opioid overdoses in rural communities through the development of broad community consortiums to prepare individuals with opioid-use disorder (OUD) to start treatment, implement care coordination practices to organize patient care activities,[1]

and support individuals in recovery through the enhancement of behavioral counselling[2] and peer support activities.[3] This program will bring together health care providers (i.e. local health departments, hospitals, primary care practices, and substance abuse treatment providers) and entities such as social service and faith-based organizations, law enforcement, and other community-based groups to respond multifaceted to the opioid epidemic in a rural community. The consortium must include at least three (3) health care providers. The program supports three (3) years of funding. This program incorporates a range of objectives to respond comprehensively to the opioid crisis within rural communities. Consortiums will work towards identifying individuals at-risk of overdose and guide them towards recovery by providing outreach and education on locally available treatment options and support services. Educating community members on OUD is also a critical component of responding to the opioid epidemic, which incorporates education on OUD, treatment options, methods for preparing individuals with OUD for treatment, referring individuals with OUD to treatment, and how to best support individuals in recovery. Consortiums are encouraged to implement care coordination practices to organize patient care activities. Finally, consortiums are further encouraged to support individuals in recovery by establishing new or enhancing existing behavioral counselling and peer support activities. Community Economic Development Projects – (CFDA 93.570)

This FOA has been modified to include Fiscal Year 2016 Choice Neighborhood Program grantees in Appendix C. The Administration for Children and Families (ACF), Office of Community Services (OCS) will award approximately \$17.2 million in Community Economic Development (CED) discretionary grant funds to Community Development Corporations (CDC) for well-planned, financially viable, and innovative projects to enhance job creation and business development for individuals with low income. CED grants will be made as part of a broader strategy to address objectives such as decreasing dependency on federal programs, chronic unemployment, and community deterioration in urban and rural areas. CED projects are expected to actively recruit individuals with low income to fill the positions created by CED-funded development activities, to assist those individuals to successfully hold those jobs and to ensure that the businesses and jobs created remain viable for at least one year after the end of the grant period. CED-funded projects can be non-construction or construction projects, however, short-term construction jobs associated with preparing for business startup or expansion are not counted when determining the number of jobs created under the CED program as they are designed to be temporary in nature. OCS is encouraging applications from CDCs to target rural areas and underserved areas in states without current projects. Furthermore, OCS is encouraging projects that align with the Promise Zones Initiative or Choice Neighborhoods Program.

[Ethnic Community Self Help Program – \(CFDA 93.576\)](#)

The Administration for Children and Families, Office of Refugee Resettlement invites the submission of applications for funding under the Ethnic Community Self-Help (ECSH) Program. The goal of this program is to support Ethnic Community-Based Organizations (ECBOs) in providing refugee populations with critical services to assist them in becoming integrated members of American society. Under the ECSH Program, the following three main objectives must be implemented: 1) to strengthen ECBOs' provision of culturally and linguistically appropriate services to refugees within five years after their initial resettlement; 2) to support ECBOs' organizational development and engagement in capacity building by encouraging their collaboration with established refugee service providers and mainstream organizations; and 3) to support ECBOs in promoting community building and civic participation by refugee individuals and refugee community members.

[Targeted Capacity Expansion: Medication Assisted Treatment – Prescription Drug and Opioid Addiction \(Short Title: MAT-PDOA\) – \(CFDA 93.243\)](#)

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT), is accepting applications for fiscal year (FY) 2017 Targeted Capacity Expansion: Medication Assisted Treatment - Prescription Drug and Opioid Addiction (MAT-PDOA) grants. The purpose of this program is to expand/enhance access to medication-assisted treatment (MAT) services for persons with an opioid use disorder seeking or receiving MAT. This program targets states identified with having the highest rates of primary treatment admissions for heroin and opioids per capita and includes those with the most dramatic increases for heroin and opioids, as identified by SAMHSA's Treatment Episode Data Set (TEDS): 2007 – 2014. The desired outcomes include: 1) an increase in the number of admissions for MAT; 2) an increase in the number of clients receiving integrated care/treatment; 3) a decrease in illicit opioid drug use at six-month follow-up; and 4) a decrease in the use of prescription opioids in a non-prescribed manner at six-month follow-up. For the purpose of this FOA, integrated care/treatment is defined as the organized delivery and/or coordination of medical (including the use of Food and Drug Administration (FDA)-approved drugs [buprenorphine, methadone, extended release injectable naltrexone] for addiction), behavioral, social, peer, and other recovery support services provided to individual patients who have multiple healthcare needs in order to produce better overall health outcomes. MAT is defined as the use of FDA-approved opioid agonist medications (e.g., methadone, buprenorphine products, including buprenorphine/naloxone combination formulations and buprenorphine mono-product formulations) for the maintenance treatment of opioid use disorder and opioid antagonist medication (e.g., extended-release) in combination with behavioral therapies to prevent relapse to opioid use. MAT includes screening, assessment (which includes determination of severity of opioid use disorder, including presence of physical dependence and appropriateness for MAT), and case management. MAT is to be provided in combination with comprehensive opioid use disorder treatment, including but not limited to: counseling, behavioral therapies, other clinically appropriate services in order for individuals to achieve and maintain abstinence from all opioids and heroin, and, when needed, pharmacotherapy for co-occurring alcohol use disorder. MAT is to be provided in a clinically driven, person-centered, and individualized setting.

[Socioeconomic Disparities in health and Mortality at Older Ages \(R01\) – \(CFDA 93.866\)](#)

The purpose of this funding opportunity announcement (FOA) is to support studies that identify mechanisms, explanations, and modifiable risk factors underlying recent trends of growing inequalities in morbidity and mortality by income, education, and geographic location at older ages in the United States.

Deadline: October 20, 2017

[Uncovering the Causes, Contexts, and Consequences of Elder Mistreatments \(R01\) – \(CFDA 93.866\)](#)

The purpose of this Funding Opportunity Announcement is to solicit applications proposing research that can lead to advancements in the understanding of elder mistreatment (emotional abuse, physical abuse, and sexual abuse; financial exploitation; abandonment; and neglect) and lay the foundation for the future design of mechanistically focused interventions for individuals at risk for mistreating elders, for promoting recovery and resilience in the maltreated and their families, and for preventing re-perpetration for those who have inflicted harm. Applications are solicited from multidisciplinary teams which include researchers from the fields of elder mistreatment, child abuse and neglect, intimate partner violence, and/or emergency medicine to pursue research in two priority areas: (1) the development of new and innovative tools and methods for the screening and detection of elder mistreatment; and (2) the identification of modifiable risk factors for elder mistreatment and modifiable protective factors, with potential to prevent maltreatment and/or enable individuals who have been mistreated and those who have mistreated others to overcome adversity and thrive. All applications should propose evidence-based strategies for addressing ethical challenges surrounding informed consent and study design in the research proposed, and to employ, when possible, best practices established in the fields of child abuse and neglect and/or intimate partner violence.

[Centers for Agricultural Safety and Health \(U54\) – \(CFDA 93.262\)](#)

The National Institute for Occupational Safety and Health (NIOSH)/Centers for Disease Control and Prevention (CDC) invites applications for Centers for Agricultural Safety and Health (Ag Centers). Ag Centers are expected to conduct high quality research and help translate scientific discoveries into practical applications to improve worker safety and health in the areas of agriculture, forestry, and fishing. Center functions should include developing integrated approaches that link basic science with translation and outreach activities. Center structure should take advantage of diverse scientific resources and focus on local, regional, and/or national worker safety and health issues. Centers should place emphasis on the creation and implementation of evidence-based solutions that address important agricultural safety and health problems. Collaborations with other academic institutions, nonprofit organizations, and other occupational safety and health focused groups are expected.

Integrated Food Defense – (CFDA 93.103)

The Integrated Food Defense & Emergency Response Cooperative Agreement Program (IFD&ER CAP) grant awards are designed to generate food defense tools and resources that are easily replicated and can complement, aid in the development of, and/or improve State, local, Tribal and territorial (SLTT) food defense programs through unique, innovative, and reproducible projects. The known overlap between food safety (unintentional contamination) and food defense (intentional contamination) is extensive. And the pools of resources available are vast and sometimes difficult to locate and implement.

Occupational Safety and Health Training Project Grants (To3) – (CFDA 93.262)

The National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC), invites grant applications for Training Project Grants (TPGs) that are focused on occupational safety and health training. NIOSH is mandated to provide an adequate supply of qualified personnel to carry out the purposes of the Occupational Safety and Health Act, and the TPGs are one of the principal means for meeting this mandate. The majority of TPGs are in academic institutions that provide high quality training in the core occupational safety and health disciplines of industrial hygiene (IH), occupational health nursing (OHN), occupational medicine residency (OMR), occupational safety (OS), as well as closely related allied disciplines. NIOSH also funds non-academic programs to meet specific training needs of targeted populations including firefighters, commercial fishermen and occupational health and safety interns.

Choice Neighborhoods Planning Grants Program – (CFDA 14.892)

With this publication, HUD is making available up to \$5,000,000 for Planning Grants, including Planning and Action Grants.1. Planning Grants are two-year grants that assist communities with severely distressed public or HUD-assisted housing in developing a successful neighborhood transformation plan and building the support necessary for that plan to be successfully implemented.2. Planning and Action Grants are three and a half year planning grants that pair planning with action. Experience shows that tangible actions taken early on help communities build momentum for further planning and the eventual transition from planning to implementation

of that plan. These actions improve neighborhood confidence, which in turn sustains the community's energy, attracts more engagement and resources, and helps convince skeptical stakeholders that positive change is possible. Under these grants, the planning process activities would take place during the first 24 months of the grant period. The planning process will identify Action Activities that will be carried out during the latter portion of the grant period. Action Activities must build upon the planning for the target housing and neighborhood.

Through funding of national intermediaries, the Section 4 Capacity Building program (Section 4) enhances the capacity and ability of community development corporations (CDCs) and community housing development organizations (CHDOs) to carry out affordable housing and community development activities that benefit low- and moderate-income families and persons. Eligible Activities and Priorities. Section 4 funds may be used to provide the following services: Training, education, support, and advice to enhance the technical and administrative capabilities of CDCs and CHDOs, including the capacity to participate in consolidated planning, as well as in fair housing planning and Continuum of Care homeless assistance efforts that help ensure community-wide participation in assessing area needs; consulting broadly within the community; cooperatively planning for the use of available resources in a comprehensive and holistic manner; and assisting in evaluating performance under these community efforts and in linking plans with neighboring communities in order to foster regional planning; Loans, pass-through grants, development assistance, predevelopment assistance, or other financial assistance to CDCs and CHDOs to carry out community development and affordable housing activities that benefit low-income or low- and moderate-income families and persons, including the acquisition, construction, or rehabilitation of housing for low-income or low- and moderate-income families and persons, and community and economic development activities that create jobs for low-income persons; and; Such other activities as may be determined by the grantees in consultation with the Secretary or his or her designee. Program Priorities. Activities undertaken as part of, or as a result of, capacity building efforts described in this section shall support the implementation of other HUD programs, including but not limited to the Community Development Block Grant Program (CDBG), HOME Investment Partnerships, Housing Opportunities for Persons With AIDS (HOPWA), and the Continuum of Care program, in addition to issues related to sustainability and comprehensive neighborhood revitalization activities. Through these activities, grantees are encouraged to align with and support projects that create opportunities for transformative revitalization and investments focused on job growth, economic recovery, and neighborhood revitalization. Additionally, grantees are encouraged to consider how CDCs and CHDOs may align investments with regional planning for sustainable economic development if such efforts are underway in the jurisdiction.

[BoatUS Foundation Accepting Grant Applications for Safe and Clean Boating Projects](#)

The BoatUS Foundation for Boating Safety and Clean Water is accepting applications for its Grassroots Grants Program, which awards funds on an annual basis to nonprofit organizations, boating clubs, and student groups in the United States for projects that utilize innovative approaches to education about safe and clean boating.

The foundation is looking for creative projects that promote safe and clean boating on local waterways. Past topics have ranged from PSAs on the effects of boating under the influence to hands-on education about the effects of marine debris.

Projects the foundation is most interested in funding will be unique (topic, methods, or delivery mechanism); include extensive outreach to boaters; use technology to educate boaters, including social media and the Web; have a widespread reach (not just a handful of boaters); include hands-on work with the boating community; and have a way to measure the success of the program.

Applicants can include boating groups, clubs and associations, student groups, and local nonprofit organizations, including local chapters of national organizations. Grants will not be awarded to government agencies, international organizations, for-profit businesses, or individuals.

Applicants may request up to \$10,000. Funded projects must be completed within a year.

Deadline: Open

Grants are awarded on a quarterly basis.

Review cycle deadlines:

- January-March: January 1
- April-June: April 1
- July-September: July 1
- October-December: October 1

[Surdna Foundation Sustainable Environment Grants](#)

The Sustainable Environments Program is working to overhaul our country's outdated and crumbling infrastructure with a new approach that will foster healthier, sustainable, and just communities. We believe in the potential of what we call "next generation infrastructure" to improve transit systems, make buildings more energy efficient, better manage our water systems and rebuild regional food systems. Focusing on urban areas and their surrounding suburbs, we seek solutions that connect and improve these infrastructure systems in ways that maximize positive impacts and minimize negative environmental, economic and social consequences.

[JFNY Grant for Arts and Culture](#)

The Japan Foundation New York office (JFNY) accepts applications for projects that take place within the 37 states east of Rocky Mountains listed below for the JFNY Grant throughout the year. This grant aims to support projects that will further understanding of Japanese arts and culture. Successful projects may be granted up to \$5,000. Priority will be given to those projects that have secured additional funding from sources other than the Japan Foundation.

Deadline: Applications must be received at least 3 months prior to beginning date of project.

[CSX Beyond Our Rails Grant](#)

CSX provides non-profit assistance and support through a variety of programs, including grants that typically range from \$2,500 to \$5,000 for projects focusing on safety, community, wellness, and/or the environment.

Examples given for environmental projects include:

- Teaching environmental stewardship
- Planting eco-friendly trees and plants
- Leading and supporting environmental cleanups
- Recycling and waste minimization
- Promoting energy efficiency and carbon reduction

Deadline: Ongoing

[Laboratory Equipment Donation Program for Colleges, Universities and Museums](#)

The Laboratory Equipment Donation Program (LEDP), formerly the Energy-Related Laboratory Equipment (ERLE) Grant Program, was established by the United States Department of Energy (DOE) to grant surplus and available used energy-related laboratory equipment to universities and colleges in the United States for use in energy oriented educational programs.

Deadline: Ongoing

[Zayed Future Energy Global High Schools Prize](#)

The primary aim of the Global High Schools category is to inspire future generations across the globe by instilling an ethos of sustainability from an early age, including an appreciation of issues in energy, and broader sustainability. Each school will submit a detailed proposal for a project, and the Prize will become a grant that enables the project's completion. While the main objective is to promote sustainability in schools, special emphasis of the proposed project should be on specific measurable initiatives to promote renewable energy and sustainability, which may include improvements in energy or water efficiency, or a reduction in waste.

[Waste Management Charitable Giving](#)

Healthy thriving communities depend on involved citizens, organizations and corporate partners for momentum. We lend our support and services to causes that promote civic pride, economic development and revitalization. Every community has its own challenges, and we strive always to be part of problem-solving initiatives. Programs that Waste Management is most motivated to support include: environment, environmental education, and causes important to the areas where we operate. Applications are accepted year round and are reviewed on a continuous basis. Given the large amount of requests received, please anticipate an estimated two-month review period for each request.

[Clif Bar Foundation Small Grants](#)

These grants are awarded for general organizational support as well as funding for specific projects. Small grants average approximately \$7,000 each. Priority is given to applicants that: Address our funding priorities from a holistic perspective; Protect Earth's beauty and bounty; Create a robust, healthy food system; Increase opportunities for outdoor activity; Reduce environmental health hazards; Build stronger communities; Operate with clearly defined objectives and viable plans to achieve them; Demonstrate strong community ties and operate at the community level; Promote positive change through both the projects and their implementation process.

Deadline: Applications are reviewed three times a year; the deadlines are the 1st of February, June, and October. Grants awarded during a particular cycle will be announced at the beginning of the following cycle.

[Foundation for Contemporary Art Accepting Applications for Emergency Grants](#)

Since its inception in 1963, the mission of the Foundation for Contemporary Arts has been to encourage, sponsor, and promote innovative work in the arts created and presented by individuals, groups, and organizations.

Created in 1993, the foundation's Emergency Grants program provides grants of up to \$2,000 to innovative visual and performing artists who have unanticipated, sudden opportunities to present their work to the public when there is insufficient time to seek other sources of funding; or who incur unexpected or unbudgeted expenses for projects close to completion with committed exhibition or performance dates.

To be eligible, applicants must be living, working, and paying taxes in the United States; have committed to a performance or exhibition opportunity and be able to provide specific dates at the time of application; and be an individual artist or an individual representing an artist collective, ensemble, or group. Curators, producers, workshop organizers, organizations, or arts presenters are not eligible to apply.

Deadline: OPEN

[IDA Seeks Applications to Support Independent Documentary Films](#)

The International Documentary Association is accepting applications for the creation of original, independent documentary films that illuminate pressing issues in the US.

Through the Pare Lorentz Documentary Fund, IDA will award production grants of up to \$25,000 to up to a dozen projects that tell a compelling story and focus on one of Pare Lorentz's central concerns -- the appropriate

use of the natural environment, justice for all, and/or the illumination of pressing social problems. The fund supports full-length documentary films that reflect the spirit and nature of Pare Lorentz's work and exhibit objective research, artful storytelling, a strong visual style, high production values, excellent writing, and outstanding music composition, as well as skillful direction, camerawork, and editing. A program of the International Documentary Association, the Pare Lorentz Documentary Fund is made possible by the New York Community Trust.

Projects must be in production at the time of application, with the bulk of research and development completed but still having substantial production or post-production related work and expenses remaining. Grant funds may be used for production and post-production related expenses incurred during the period of support.

To be eligible, the applicant must be 18 years of age or older and be a producer and/or director of the submitted work. In addition, the applicant must be an independent filmmaker working on an original project. The applicant also should be an experienced filmmaker with at least one key above-the-line (producer, director, co-director, co-producer) or other principal creative (director of photography, editor) credit on a previously completed documentary.

Deadline: IDA will be accepting applications on a rolling basis until July 31, 2017. Applications will be reviewed throughout the period, with grants being awarded quarterly.

[Weyerhaeuser Giving Fund](#)

We support U.S. and Canadian communities where we have a significant presence or business interest. These communities range from rural to metropolitan, each with unique priorities and needs. Our employees serve on local advisory committees for our Giving Fund and develop funding priorities within four focus areas to support their particular communities. This provides a strong companywide framework for giving while allowing flexibility to meet unique needs in our different communities.

Through the Weyerhaeuser Giving Fund we concentrate the majority of our funding in four focus areas:

- Affordable Housing and Shelter
- Education and Youth Development
- Environmental Stewardship
- Human Services, Civic and Cultural Growth

To be eligible for funding, a program must:

- Serve a Weyerhaeuser community
- Be a tax-exempt, nonprofit public charity classified under Section 501(c)(3) of the U.S. Internal Revenue Code OR a registered charity in Canada with a Canada Revenue Agency Number, or registered as a provincial nonprofit society OR a public education institution or government entity qualified under Section 170(c)(1) of the U.S. Internal Revenue Code or qualified as a Canadian municipality.

[Wells Fargo Corporate Giving Programs](#)

Wells Fargo supports nonprofit organizations that work on a community level in the areas of human services, arts and culture, community development, civic responsibility, education, environmental consciousness, and volunteerism.

Deadline: Applications accepted on an ongoing basis.

[Good Sports Accepting Applications for Sports Equipment Grant](#)

Good Sports helps lay the foundation for healthy, active lifestyles by providing athletic equipment, footwear, and apparel to disadvantaged young people nationwide. By working closely with teams, coaches, and community leaders across the United States, the organization is able to focus on the respective needs of each individual program and help offset the main factors causing the greatest challenges.

Good Sports is accepting applications from organizations and schools for equipment, apparel, and footwear for a wide range of sports. Organizations that are approved will have access to equipment, apparel, and footwear inventory for a two-year period. During that time, organizations can make up to six separate donation requests — as long as need is well documented, donations will be granted. There is no need to resubmit a full application again during the two-year period.

To be eligible, applicants must directly serve youth between the ages of 3 and 18; serve youth in an economically disadvantaged area; be located in North America (the U.S. and Canada); and operate an organized sport, recreational activity, or fitness program that offers consistent and structured opportunity for play to large groups of children. Schools must apply as a whole; applications for individual programs within a school will not be considered. Donation requests for short-term events such as sports camps and tournaments or to individual athletes will not be considered.

While the equipment, apparel, and footwear received through the program are free, recipients are expected to pay shipping and handling costs, which amount to roughly 10 percent of the donation value, with a maximum fee of \$1,500.

Deadline: Applications are reviewed on a rolling basis. It is recommended, however, that organizations apply at least eight weeks prior to the start of their particular season or program to ensure the desired equipment can be accessed and shipped on time.

[Karma for Cara Foundation Invites Applications for Youth Microgrants](#)

The Karma for Cara Foundation is a nonprofit founded by 21-year-old Cara Becker and her family while she was undergoing treatment for leukemia at the Johns Hopkins Kimmel Cancer Center. Cara and her two brothers began volunteering at a young age as part of their family's commitment to community service. She and her family saw a tremendous need to help support other patients and their families who were also challenged by cancer. Tragically, Cara passed four months after her diagnosis, yet her wish to help others through K4C lives on with the support of an ever-growing circle of family and friends.

As part of an effort to promote and support youth voluntarism, k4C started a microgrant program in fall 2014 to encourage kids 18 and under to apply for a grant of between \$250 and \$1,000 to complete service projects in their communities. Examples of fundable projects include but are not limited to turning a vacant lot into a community garden, rebuilding a school playground, and helping senior citizens get their homes ready for winter. Grants will be distributed as gift cards to home goods stores, office supply stores, grocery food chains, and toy stores.

Deadline: OPEN

[VFW Accepting Applications From Veterans for Emergency Financial Assistance](#)

Veterans of Foreign Wars is accepting applications from active and discharged military service members who have been deployed in the last six years and have run into unexpected financial difficulties as a result of deployment or other military-related activity. Since the program's inception, Unmet Needs has distributed more than \$5 million in assistance to qualified military families, with nearly half of those funds going directly toward basic housing needs.

The Unmet Needs Program provides financial assistance of up to \$5,000 to assist with basic life needs in the form of a grant — not a loan — so no repayment is required. Eligible expenses include housing and vehicle payments; utility and phone bills; food and incidentals; children's clothing, food, diapers, school, and childcare; and medical bills, prescriptions, and eyeglasses. Each expense will be considered on a case-by-case basis, and payments will be made directly to the recipient's creditors.

The hardship must be the result of deployment, a military pay issue, or military-related illness or injury. It cannot be due to civil legal or domestic issues, misconduct, or any issues that are a result of spousal separation or divorce, financial mismanagement, or bankruptcy.

Deadline: OPEN

[Start a Snowball Invites Applications for Youth Philanthropy Projects](#)

Start a Snowball, Inc. encourages kids of all ages to engage in philanthropic and community service activities. The organization believes that even one child with the right intentions and support can start a project that seems small in the beginning and eventually grows ("snowballs") into something that inspires and benefits an entire community.

In order to help kids kick off their philanthropy efforts, Start a Snowball awards \$100 in seed funding for projects taken on by individuals or organizations.

To be eligible, projects must be led by youth between the ages of 5 and 18 and have the intention of doing good.

Start a Snowball does not give directly to collection funds. The organization also does not provide support for fundraisers for sports teams, unless they serve an underserved or disadvantaged group, or support projects that are discriminatory or political in nature.

Deadline: Rolling

[Craft Emergency Relief Fund Accepting Applications From Craftspeople in Need](#)

The Craft Emergency Relief Fund is a national nonprofit organization that awards small grants and loans to professional craftspeople experiencing career-threatening illness, accident, fire, theft, or natural disaster.

Financial assistance ranges from \$500 to \$8,000. Other services include referrals to craft suppliers who have agreed to offer discounts on materials and equipment to craftspeople eligible for CERF funds and booth fee waivers from specific craft show producers.

CERF loan recipients are expected to repay the loan in full within five years, enabling CERF to have funds readily available for future craftspeople in need.

Applicants must be a professional artist working in a craft discipline (e.g., a potter, metalsmith, glass artist, woodworker, fiber artist, or furniture maker) who has had a recent career-threatening emergency and a legal resident of the U.S.

Deadline: OPEN

[Pollock-Krasner Foundation Accepting Applications From Artists With Financial Need](#)

The mission of the Pollock-Krasner Foundation is to aid those individuals who have worked as artists over a significant period of time. The foundation's dual criteria for grants are recognizable artistic merit and financial need, whether professional, personal, or both.

The foundation welcomes, throughout the year, applications from visual artists (painters, sculptors, and artists who work on paper, including printmakers) with genuine financial needs. Grants are intended for a one-year period of time, with the size of the grant to be determined by the artist's individual circumstances and professional exhibition history. Artists applying for a grant must be actively exhibiting their current work in a professional artistic venue such as a gallery or museum space.

The foundation does not accept applications from commercial artists, video artists, performance artists, filmmakers, crafts-makers, computer artists, or any artist whose work primarily falls into these categories.

Deadline: OPEN

[Pollination Project Invites Applications From Social Entrepreneurs for Seed Grants](#)

The Pollination Project is accepting applications from social entrepreneurs looking to make their communities and world a better place.

Seed grants of up to \$1,000 will be awarded to projects in the early stages of development, including those that promote compassion toward all life (people, planet, animals), environmental sustainability, justice in all its forms, community health and wellness, and social change-oriented arts and culture. Only applications for seed funding, as opposed to ongoing operational or program costs of a nonprofit organization, will be accepted.

To be eligible, applicants must be a passionate, committed individual with a social change vision that fits within one or more of the categories above. Established nonprofit organizations with paid staff will not be considered.

Deadline: OPEN

[Hope for The Warriors Accepting Applications for Critical Care Support for Wounded Veterans](#)

Hope For The Warriors believes those touched by military service can succeed at home by restoring their sense of self, family, and hope. Nationally, the organization provides service members, veterans, and military families with comprehensive support programs focused on transition, health and wellness, peer engagement, and community resources.

Originally designed to meet short-term needs in the days following an injury, the Hope for The Warriors' Critical Care Coordination program has expanded to assist post-9/11 combat-wounded veterans and their families as they navigate through long-term recovery.

Program case coordinators work daily with post-9/11 combat-wounded service members and veterans, their families, and families of the fallen to meet immediate financial needs related to daily living including utilities, groceries, rent, mortgage, and rental deposits. The program provides casework assistance and resource referrals that will help clients immediately and in the future. Payment is always made to a third party.

To be eligible, applicants must be seeking support for needs that are a direct result of a service member's post-9/11 combat-related injury.

Deadline: OPEN

[Singing for Change Accepting LOIs for Projects to Address Social and Environmental Problems](#)

Created by Jimmy Buffett in 1995, Singing for Change initially was funded with contributions from the singer's summer concert tour. Since then, SFC has offered competitive grants to progressive nonprofit organizations working to address the root causes of social or environmental problems.

Priority will be given to organizations that keep their overhead low, include community members in planning, and collaborate with other groups to find innovative ways of solving common problems. SFC aims to advance the common good by empowering people to thrive and strengthen and sustain vibrant, diverse communities.

Grants will range in size from \$1,000 to \$10,000. Grants are made only to nonprofit organizations with tax-exempt status under section 501(c)(3) of the Internal Revenue Code, or to organizations that have a sponsoring agency with exempt status.

Deadline: Ongoing

[A Little Hope Announces Youth Bereavement Support Services Grants](#)

A Little HOPE supports organizations that provide bereavement support services and grief counseling to children and teens who have experienced the death of a parent, sibling, or loved one.

To be considered, applicants must e-mail (no telephone calls) the name of their program, website address, names of the executive director and program director, and the location of the program. No other information is needed or will be processed. Strong preference will be given to applicants who demonstrate a commitment to the use of community trained volunteers. Grant award amounts are based on the scope and budget of the project.

Deadline: OPEN

[Captain Planet Foundation Offers Grants for Hands-On Environmental Education Activities](#)

The mission of the Captain Planet Foundation is to promote and support high-quality educational programs that help children and youth understand and appreciate our world through hands-on learning experiences aimed at improving the environment in their schools and communities.

Grants are intended to serve as a means of bringing environment-based education to schools and inspiring youth and communities to participate in community service through environmental stewardship activities. The foundation will fund unique and innovative projects that do not precisely match the grant guidelines but otherwise promote the foundation's mission to advance hands-on environmental activities.

Deadline:

- January 31 (typically for fall and winter projects)
- September 30 (typically for spring and summer projects)

[Chambers of Commerce Invited to Start Young Entrepreneur Academies](#)

The Young Entrepreneurs Academy today serves thousands of students across America. In 2011, the United States Chamber of Commerce Foundation became a national sponsor and partner of the academy to help celebrate the spirit of enterprise among today's youth and the future leaders of tomorrow.

To that end, YEA, in partnership with Sam's Club and the U.S. Chamber of Commerce Foundation, is accepting applications from chambers of commerce across the country to start Young Entrepreneurs academies of their own. The thirty-week program teaches students in grades 6-12 how to generate business ideas, conduct market research, write business plans, pitch to a panel of investors, and launch their own companies. In 2015, Sam's Club will award startup funds of up to \$2,500 each to thirty chambers of commerce across the country.

Cornell Douglas Foundation Grant

The Cornell Douglas Foundation provides grants to organizations that advocate for environmental health and justice, encourage stewardship of the environment, and further respect for sustainability of resources. The average grant amount is \$10,000.

Deadline: accepted all year

Public Welfare Foundation

The Public Welfare Foundation has three programs, Criminal Justice, Juvenile Justice, and Workers' Rights, that support efforts to advance justice and opportunity for people in need. The Foundation looks for strategic points where its funds can make a significant difference and improve lives through policy and system reform that results in transformative change.

Criminal Justice Guidelines

The Foundation's Criminal Justice Program supports groups that are working to end the over incarceration of adults in the United States while also aiming to reduce racial disparities. In particular, the Program makes grants primarily to state-based groups that are working to:

- Reduce state incarceration levels and racial disparities through reforms in sentencing, charging, and supervision policies and procedures.
- Advance the redirection and prioritization of state and local resources toward targeted investments that support system-involved individuals in their communities, through research and strategic thought leadership.

Juvenile Justice Guidelines

The Foundation's Juvenile Justice Program supports groups working to end the criminalization and reliance on incarceration of youth in the United States. The Program makes grants to groups that are working to:

- Advance state policies that dramatically restrict juvenile justice systems' use of incarceration and out-of-home placements and prioritize the use of community-based programs for youth;
- End the practice of trying, sentencing, and incarcerating youth in the adult criminal justice system; and
- Promote the fair treatment of youth of color who come into contact with the juvenile justice system.

Workers' Rights Guidelines

The Foundation's Workers' Rights Program supports policy and system reforms to improve the lives of low-wage working people in the United States, with a focus on securing their basic legal rights to safe, healthy, and fair conditions at work. Specifically, the Program makes grants to groups working to:

- Advance reforms to hold employers accountable for wage theft;
- Advance reforms to prevent severe illness, injury, and death on the job; and
- Advance workers' rights in complex, fissured employment arrangements through research and strategic thought leadership.

[Ben & Jerry's Foundation Seeks Proposals for Social and Environmental Justice Projects](#)

One-year grants of up to \$20,000 will be awarded to nonprofit grassroots community-organizing groups in the United States working to further social and environmental justice and support sustainable and just-food systems. Grants can be used to support both program and operational costs.

[International Paper Environmental Education Grants](#)

The International Paper (IP) Foundation supports non-profit organizations in communities where its employees live and work. Environmental education is one of the primary areas the Foundation supports. The Foundation seeks programs that help generations understand a sustainable approach to business that balances environmental, social and economic needs.

[Lego Children's Fund](#)

The LEGO Children's Fund provides grants primarily in two focus areas: (1) early childhood education and development that is directly related to creativity and (2) technology and communication projects that advance learning opportunities. Typical awards are between \$500 and \$5,000. Interested parties must complete an eligibility quiz, be approved and invited to submit a grant proposal. Each grant will be subject to a specified time frame for completion.

Deadline: Applications accepted four times a year.

[Evidence for Action: Investigator-Initiated Research to Build a Culture of Health](#)

Evidence for Action (E4A), a national program of the Robert Wood Johnson Foundation, funds research that expands the evidence base needed to build a Culture of Health. Our mission is to support rigorously designed quantitative, qualitative, and mixed methods research that yields convincing findings regarding the population health, well-being, and equity impacts of specific policies, programs and partnerships. We are especially

interested in research examining the health impacts of programmatic or policy interventions that address factors outside the domain of health care services or public health practice.

Pioneering Ideas Brief Proposals

The goal of the Pioneering Ideas Brief Proposal funding opportunity is to explore; to look into the future and put health first as we design for changes in how we live, learn, work and play; to wade into uncharted territory in order to better understand what new trends, opportunities and breakthrough ideas can enable everyone in America to live the healthiest life possible.

While improving the status quo is vital to the health and well-being of millions of Americans now, the Pioneering Ideas Brief Proposal opportunity reaches beyond incremental changes to explore the ideas and trends that will influence the trajectory and future of health. Ultimately, we support work that will help us learn what a Culture of Health can look like—and how we can get there.

Alabama Additional Funding Sources

Community Foundations in Alabama

There are 13 community foundations in Alabama, covering 78 percent of the counties in the state and holding assets that total more than \$190 million.

Daniel Foundation

The Daniel Foundation offers grants in four program areas: Civic and Community Improvement, Education, Health, and Arts and Culture. Applications are limited to 501 (c)(3) organization that are located in Alabama.

Alabama Power Foundation

The Alabama Power Foundation allocates funding in four categories: Improving Education, Strengthening Communities, Promoting Arts and Culture, and Restoring and Enhancing the Environment.

Alabama Humanities Foundation

The AHF awards grants solely to support public humanities projects. Active public participation, involvement of humanities scholars, and strong humanities content are the three essential components of AHF-funded projects.

Gwyn Turner Endowed Fund

The fund is administered by the National Trust for Historic Preservation, in partnership with Alabama Trust for Historic Preservation. Nonprofits and governmental agencies can obtain funding for preservation planning, heritage education, workshops, conferences and special interventions. Grants range from \$1,000 to \$5,000 and require a 1:1 cash match.

Applicants are encouraged to discuss their project with the National Trust Southern Office before submitting an application. Contact the Southern Office at 843.722.8552, or e-mail soro@nthp.org.

[Sybil H. Smith Trust](#)

Established in 1983, this trust funds organizations in the First Congressional District only. Awards limited to arts, community development, education, and human services. No awards are given for individuals. For more information, call: 251.432.0208.

[Alabama State Council on the Arts](#)

Grants awarded to nonprofit organizations and local governments in the following categories: Presenting Grants, Project Assistance, Operating Support, Technical Assistance, Collaborative Ventures, and Program Development.

[Historic Chattahoochee Commission](#)

The Historic Chattahoochee Commission (HCC) promotes tourism and historic preservation in the Chattahoochee Trace, an 18-county region in Alabama and Georgia. The HCC supports preservation through two grant programs: Seed Grant and the Threatened Landmarks Program.

[Veterans](#)

[FACT SHEET: Veterans Employment Center](#)

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants
- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden's Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.

The Veterans Employment Center can be found at: <https://www.ebenefits.va.gov/ebenefits/jobs%20%20>
