

2020 African American Civil Rights Preservation Grant – Fact Sheet

Grant Due Date: January 12, 2021

African American Civil Rights (AACR) Preservation Grants

The National Park Service's (NPS) FY 2020 African American Civil Rights Grant Program (AACR) will document, interpret, and preserve the sites related to the African American struggle to gain equal rights as citizens in the 20th Century. The NPS 2008 report, "Civil Rights in America, A Framework for Identifying Significant Sites," will serve as the reference document in determining the appropriateness of proposed projects and properties. AACR Grants are funded by the Historic Preservation Fund (HPF), administered by the NPS. **These grants will fund a broad range of preservation projects for historic sites including architectural services, historic structure reports, preservation plans, and physical preservation to structures.** Grants are awarded through a competitive process and do not require non-Federal match. Preservation grants range from \$15,000 to \$500,000.

Rep. Sewell's Fight for Funding

In 2015, the Civil Rights Preservation Grants program budget was almost zeroed out, having suffered from years of draconian cuts. Rep. Sewell has fought every year to save the program and increase funding for Civil Rights Preservation Grants in the Interior Appropriations bill. After passing many successful amendments and working across the aisle over the past five years, our office has steadily increased funding for this program. In FY2020, our office was proud to secure \$15,500,000 to preserve the sites and stories of the Civil Rights Movement.

Evaluation Criteria

Project descriptions must address, and applications will be rated on, each of the criteria listed below. NPS will evaluate and consider only complete applications that separately address each of the **five criteria**. You are required to provide a detailed narrative of these elements using the project information form.

1. Significance: Describe the historic resource(s) in the proposed project and the role they played in the African American Civil Rights movement in the 20th Century. Include the significance in the story of Civil Rights, and designations at the National, State, Tribal, or local level. Integrity of the resource should also be discussed. Discuss how your project will help tell an untold story, identify places, and share the story of African American Civil Rights. Applicants must include concurrence of eligibility from the State Historic Preservation Office (SHPO), such as a determination of eligibility from the SHPO or a completed survey that was reviewed by the SHPO. **(Weight 20%)**

2. Need/Urgency/Threat: Describe the need, urgency, and threat the project addresses and how the activities are necessary to achieve the project objectives **(Weight 20%)**

3. Feasibility: List and describe all tasks and their results. Discuss your timeline (located below) and budget justification (separate document) to show that costs are necessary, reasonable, and allowable. Demonstrate how you will successfully complete the project within the given timeframe (2-3 years) and with the given resources while meeting all federal requirement and guidelines. Briefly describe who will be involved in carrying out the project and their qualifications, attach resumes/CVs as applicable. **(Weight 20%)**

4. Sustainability: Describe the impacts of the project after completion, including long lasting effects. Describe the public-private partnerships and community engagement involved in the project and how these partnerships will sustain and continue to support the resource(s) after the grant project is complete. **(Weight 20%)**

5. Department of the Interior Priorities: Please discuss how your project supports the following Department of the Interior (DOI) priorities:

CONGRESSWOMAN
TERRI SEWELL
REPRESENTING ALABAMA'S 7TH DISTRICT

- Modernizing our infrastructure: Remove impediments to infrastructure development and facilitate private sector efforts to construct infrastructure projects serving American needs;
- Restoring trust with local communities: Expand the lines of communication with Governors, state natural resource offices, Fish and Wildlife offices, water authorities, county commissioners, Tribes, and local communities. **(Weight 20%)**

Evaluation and Selection Process

Reviewers' evaluations are based solely on the material provided in the application. Additional materials not specifically required by the application, and materials sent separately from the application, will not be considered.

Each of the 4 criteria elements will be scored on a scale of 0 to 20, with 20 being the highest score possible for each criteria.

- **20:** Superior
- **16 – 19:** Good
- **12 – 15:** Satisfactory
- **8 – 11:** Marginal
- **4 – 7:** Poor
- **0 – 3:** Not acceptable

The average score of a successful grant application for FY 2019 was a 23.5 per criteria or 94 average overall score. The scoring of each criterion is based on the strengths and weaknesses of the application narrative.

Previous Awards

The projects below were announced on April 8, 2020, and were awarded to entities in the state of Alabama:

- **Historic Tabernacle Baptist Church/Legacy Foundation Inc., Selma, Selma - \$500,000**
