Congresswoman Sewell Recognizes the Winner of the Congressional Art Competition

Apr 30, 2017

Montgomery, AL – On Saturday, April 29, 2017, Congresswoman Terri A. Sewell (D-AL) held a reception at the Lowndes Interpretive Center in Hayneville, AL, for the 2017 Seventh Congressional District Art Competition. This year, 76 pieces were submitted from talented high school students across the district. Congresswoman Sewell issues the following statement to recognize the winner, **Eva Hutto** from Tuscaloosa, AL, and her winning piece entitled, **“Try to See What I See:”** “This year’s winner, Eva Hutto, did an amazing job capturing the theme of the 2017 competition, ‘An Artistic Discovery: Communities of the Seventh Congressional District.’ Her piece truly speaks to the diversity and vibrancy of our communities and the need to see the value in others through our own experiences. It is critically important that we create these types of opportunities that encourage and uplift the individual gifts of our children. I am truly proud of Eva, and all of our aspiring artists that submitted entries,” said Rep. Sewell.

The 2nd place winner, Ja'Corey Robinson, 3rd place winner, Julissa Chavez, and Honorable Mention winner, Tionne Moncrief, are all students at Jefferson Davis High School in Montgomery, AL.

From April 26th through April 29th, the Lowndes Interpretive Center in Hayneville, AL displayed all the artwork submitted in the competition. Ms. Hutto’s winning piece will be featured on [Congresswoman Sewell’s website](#) and the [website of the U.S. House of Representative](#). Ms. Hutto will also receive free round-trip airfare for two to Washington, D.C., to attend an official reception honoring the winners from all the Congressional districts around the country. In addition, her artwork will be showcased in the U.S. Capitol for the next year.

Rep. Sewell Statement on Trump Tax Proposal

Apr 26, 2017

President Trump releases proposal cutting taxes for wealthiest Americans and rapidly increasing the deficit

Washington, D.C. – Today, President Donald Trump released a tax proposal that would dramatically reduce taxes for corporations and wealthy individuals and add trillions of dollars to the federal deficit. Congresswoman Terri A. Sewell, a member of the Ways and Means Committee, responds with the following statement:

“The plan our President released today favors the wealthiest individuals and corporations with trillions in tax cuts, all while saddling working American families with the cost. I stand ready to work with lawmakers on both sides of the aisles to reform our tax code in a way that benefits hardworking Americans and small businesses. But instead of offering reform, our President is recommending a plan that would save wealthy individuals like himself hundreds of millions of dollars. Trump’s refusal to disclose his tax returns means we may never know the full extent to which our President will profit off of his own tax plan.”

“For millions of working families, tax reform could mean the difference between gaining financial stability and just scraping by. This President and Republican leadership need to refocus their tax proposals on everyday Americans rather than the privileged few.”

National Urban League releases 2017 State of Black America report

Washington, D.C. – Today, the National Urban League released the 2017 edition of its annual *State of Black America* report. This year’s report, “Protect Our Progress,” examines the state of job creation, living wages, voting rights, criminal justice reform, education, health care, financial literacy, and threats to progress in those areas. Congresswoman Terri A. Sewell (D-AL) authored the voting rights section of the report.

[Read Rep. Sewell’s Voting Rights Report in the 2017 State of Black America.](#)

“While minority voters no longer face literacy tests or have to guess how many marbles are in a jar when they register to vote, there are new strategies for disenfranchising black and brown communities,” said Rep. Sewell. “The impact of new voter ID laws and other barriers to the polls cannot be underestimated. I am honored to report on the state of voting rights in this year’s *State of Black America* because nothing more fundamental could be at stake than our right to fully participate in our democracy.”

Rep. Sewell is the sponsor of the Voting Rights Advancement Act (VRAA), a bill which would restore the Voting Rights Act (VRA) following the Supreme Court’s decision in *Shelby County v. Holder*. Rep. Sewell is also Vice Chair of the Congressional Voting Rights Caucus, which works to educate the public on voter suppression tactics, inform constituencies on their rights as voters, and create and advance legislation that blocks current and future suppressive and discriminatory tactics that deny American citizens the right to vote.

Rep. Sewell: Bipartisan Omnibus Bill is a Win for Alabama

May 3, 2017

Bipartisan omnibus deal funds historic preservation, student aid, medical research

Washington, D.C. – Today, a bipartisan majority in the House of Representatives voted to pass legislation funding the federal government through the remainder of FY17. The deal includes an increase in funding for historic preservation, health research, student aid, and healthcare benefits for coal miners.

“This week’s bipartisan omnibus bill was a reminder of what we can accomplish when both parties work together,” said Congresswoman Terri A. Sewell (D-AL). “The historic preservation funds included in the omnibus are going to have a real impact for Alabama, which is home to some of our nation’s most important civil rights sites as well as many of our historically black colleges and universities (HBCUs). For students in my district, the omnibus includes investments in programs like Head Start, TRIO, and GEAR Up, and reinstates year-round Pell Grants, which is both a victory for Alabama students and the institutions where they learn. In addition, the bill bolsters our investment in the medical research conducted through NIH. For coal miners, the omnibus keeps our promise that, in exchange for their dangerous work, our government will protect our miners’ healthcare benefits. Taken as a whole, this legislation makes a strong investment in many of my district’s top priorities.”

The omnibus bill which passed on Wednesday includes \$2 million in federal funding for the preservation of the Selma to Montgomery National Historic Trail, \$13 million for the preservation of historic sites associated with the civil rights movement, and \$4 million for historic preservation of HBCUs. Congresswoman Terri A. Sewell played an integral role in securing the designation of the [Birmingham Civil Rights National Monument](#) and funding the preservation of other historic sites in Alabama including the [Selma to Montgomery National Historic Trail](#).

The omnibus bill also includes a \$2 billion boost in NIH funding, a major driver of research and jobs at the University of Alabama at Birmingham.

Cybermanufacturing Systems

There is an opportunity for researchers to pursue research and educational efforts to accelerate the creation of an interoperating, cross-process manufacturing service layer that enables the rapid, bottom-up transformation of access to manufacturing services. Such a service layer can allow creative entrepreneurs and companies to both furnish and access manufacturing apps that span the full spectrum from ideation to physical realization, giving rise to an era of cybermanufacturing. The cybermanufacturing service layer differs from existing Internet services in that it needs an architecture that can incrementally incorporate and organize the rich and deep semantic elements of manufacturing knowledge, requiring an almost unlimited capacity to expand the range and depth of content contributed in the form of partitioned, but interoperating, manufacturing applications.

Deadline: OPEN.

Historically Black Colleges and Universities – Undergraduate Program

Loans can be used to construct, or to purchase and substantially rehabilitate rental or cooperative housing or to develop manufactured housing projects. Housing as a general rule will consist of multi-units with two or more family units and any appropriately related facilities. Funds may also be used to provide approved recreational

and service facilities appropriate for use in connection with the housing and to buy and improve the land on which the buildings are to be located. Loans may not be made for nursing, special care, or institutional-type homes. Grants are in the form of rental assistance for some units within the underwritten property. The term for an initial Section 515 loan is 30 years with a 50-year amortization period. However, the term for subsequent loans and loans for special types of properties, such as manufactured housing, may be made for a shorter term based on the project's expected useful life. Each loan is made at a note rate established by the Agency as prescribed in RD Instruction 440.1. Borrowers approved for initial and/or subsequent loans receive interest credit, which reduces the effective interest rate for the Agency's financing, thereby lowering the property's rents. In return for this below-market rate financing, the borrower agrees to lease the project's rental units to income-eligible households at rents approved by the Agency. Title I Grants to Local Educational Agencies - (CFDA 84.010)

To help local educational agencies (LEAs) improve teaching and learning in high-poverty schools in particular for children failing, or most at-risk of failing, to meet challenging State academic achievement standards.

Use of funds varies, depending on whether a school is operating a schoolwide program under Section 1114 of the ESEA or a targeted assistance program under Section 1115 of the ESEA. A school with at least a 40 percent poverty rate may choose to operate a schoolwide program under Section 1114, which allows Title I funds to be combined with other Federal, State, and local funds to upgrade the school's overall instructional program in order to raise the achievement of the lowest-achieving students; a school that does not meet the 40 percent poverty threshold may also operate a schoolwide program if it receives a waiver to do so from the State educational agency (SEA). All other participating schools must operate a targeted assistance program, which provides extra instruction to those children failing, or most at risk of failing, to meet challenging State academic standards. Title I funds must be used only to supplement the State and local funds that would, in the absence of Title I funds, be made available for the education of participating students, and not to supplant such funds. Examples of fundable projects include but are not limited to turning a vacant lot into a community garden, rebuilding a school playground, and helping senior citizens get their homes ready for winter. [Veterans](#)

[FACT SHEET: Veterans Employment Center](#)

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants
- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden's Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.

The Veterans Employment Center can be found at: <https://www.ebenefits.va.gov/ebenefits/jobs%20%20>
